STEM and Sustainability Communication Workshop

Sponsored by UOG Sea Grant and Guam EPSCoR

**Hyatt Regency Guam
Ballroom A**

April 18, 2017

8:30 AM to 2:00 PM

Participants will build communication skills to positively impact the reach of their STEM and Sustainability efforts. Dr. Laura Biggs and Olympia Terral from the UOG College of Natural and Applied Sciences will facilitate the workshop.

Additionally, 2017 Regional Conference on Island Sustainability **Keynote Speaker, Ari Daniel**, will join the workshop to discuss strategies to 'Carve the Story Out Your Science'. He will show you 1) how to effectively communicate your science to the news media and 2) how to communicate your science using social media. Ari is a renowned science communicator and independent producer known for his work on PBS NOVA and his radio stories appearing on PRI's The World, NPR's Morning Edition and All Things Considered, Radiolab, Studio 360, Here and Now, Marketplace, and Living on Earth.
