ABOUT COMMENCEMENT

Academic Dress and Procession

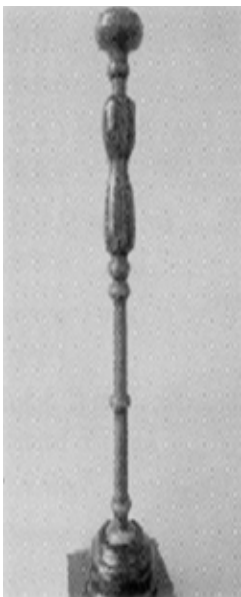

The history of academic dress dates to the Middle Ages when many scholars were also clerics and wore costume of the monastic orders. In 1321, the University of Cambridge adopted specific styles and color combinations. American colleges and universities desired to adopt a standard code for academic dress for colleges and universities in the United States. The standards continue to be followed by the American Council of Education.

The costumes worn today are all traditional and their colors, trimmings and patterns interpret the degree, the field of learning, and the institution that conferred the degree. The bachelor's gown has long pointed sleeves and is designed to be worn closed; the master's gown has an oblong sleeves open at the wrist. The rear part of its oblong shape is square cut and the front part has an arc cut away. The doctor's gown has bell-shaped sleeves, is faced with velvet and has three bars across the sleeves. The color of the velvet is distinctive of the degree.

The hood tells the story. The type of degree bachelor's, master's, doctor's, is indicated by the width of the velvet edging and the length of the hood, the doctor's hood being the longest and of a fuller shape. The color of the velvet edging denotes the field of learning and the lining denotes the school that conferred the degree.

The color of the tassel, worn on the left side of the mortarboard, indicates the field of study and is gold for those with a doctor's

degree. The colors you will see today in the hoods and gown of our faculty represent the various fields of learning: white, arts, letters, and humanities; drab, business administration; light blue, education; apricot, nursing; dark blue, philosophy; and golden yellow, science.

The academic procession is led by the grand marshal, who is the President of the Faculty Senate. A traditional order to procession is followed: First come the candidates for degrees according to the order in which the degrees are to be conferred; next, members of the faculty led by the faculty marshal, the honorary degree recipient and the other members of the platform party followed by the president of the university. The order is reversed for the recessional.

You will note that some of today's graduates are wearing a gold stole. This stole indicates that the wearer is graduating with academic honors.

The Mace

Historically, the mace was a heavy, spiked club used during the Middle Ages to break armor in battle. Today, the mace is an ornamental staff borne as a symbol of authority before a public official or legislative body. The mace of the University of Guam is made of ifil wood into which are carved ifil leaves. Ifil wood was chosen because of its performance, strength and value, all of which reflect the major characteristics of the University of Guam. The mace, designed by Forrest G. Rogers, was carved and donated to the University of Guam by the Department of Corrections.

COMMENCEMENT ADDRESS

The Honorable Robert Anacletus Underwood, Ed.D.

10th President of the University of Guam
Former Guam Delegate to the U.S. Congress

The current and 10th President of the University of Guam Dr. Robert A. Underwood is the Commencement Speaker and will address UOG graduates for the last time before he retires at the end of June.

The Honorable Robert Underwood is a former Member of the U.S. Congress and is currently the President of the University of Guam. As an educator, he has served as a high school teacher, curriculum writer, administrator, Dean of the College of Education and Academic Vice President. He is a distinguished scholar with many publications to his credit on educational issues, regional political matters and language change. He served as the Congressional Delegate from Guam in the 103-107th Congresses (1993-2003) during which he sponsored major legislation for Guam, played an active role in Department of Defense authorization bills and was a forceful advocate for political development for insular areas and the extension of educational and social opportunities for Asian Americans and Pacific Islanders.

*Dr. Robert Anacletus Underwood
President of the University of Guam*

In recognition for his efforts in building good relations in the Pacific, he received a Presidential Merit Award from President Gloria Arroyo of the Philippines and congratulatory resolutions from the Pohnpei, FSM and Northern Marianas Legislatures. He has also been honored by several national Asian Pacific American organizations and was named citizen of the year by the National Association of Bilingual Education in 1996 and Alumnus of the Year by Cal State University Los Angeles in 2000.

His public service includes an appointment to the National Advisory Council on Bilingual Education during President Carter's administration and an appointment by President Obama to the National Board of Education Sciences. He also served as Chairman of the Chamorro Language Commission for over a decade and is widely acknowledged as a leading authority on cultural, educational and linguistic issues in Guam and Micronesia. He was awarded a lifetime achievement award by the Guam Humanities Council and is the only Professor Emeritus of Bilingual-Bicultural Education of the University of Guam.

In 2003, he helped create the Asian Pacific Islander American Scholarship Fund and served as the first Chairman of the Board. He has worked on several research projects with the East West Center, the University of Hawaii and the Asian Pacific Center for Security Studies.

Robert was born in Guam (1948) and educated in Guam and California. He graduated from John F. He holds a Doctor of Education degree from the University of Southern California.

He is currently completing his tenth year as President of the University of Guam. During his tenure, UOG has become the "natural choice" for university education for Guam and the Micronesian region. He instituted a Good to Great process for the University during which the entire UOG community made difficult decisions on program prioritization and resource management in response to changes in higher education in the United States and internationally. Under his leadership, the University broke the \$100 million mark in securing resources for a single academic year, enrollment has increased by 17% and tuition revenue by 20%.

HONORARY DOCTOR OF HUMANE LETTERS

Mr. Hidenobu "George" Takagi

Founder and Executive Chairman of Takagi & Associates Incorporated

Mr. Hidenobu "George" Takagi was born in 1942 in Hiroshima, Japan and received a Bachelor of Science in Agriculture and Livestock from Kobe University.

As a young man, Takagi originally dreamt of emigrating to Brazil, and even studied Portuguese as a university student.

After graduating from Kobe University with a Bachelor of Science in Agriculture and Livestock from Kobe University, Takagi worked on behalf of a toothpaste manufacturer to conduct agricultural research on the possibility of growing mint in the Northern Marianas. As part of his research, Takagi traveled to Saipan to conduct soil surveys, and also took along mint seedlings to test the sustainability of mint cultivation. Unfortunately, the cultivation tests failed.

On his way home to Japan, Takagi transited through Guam and during a visit to a local supermarket, he noticed that near rotten vegetables were being sold at very high prices. This sight shocked him so much, that it lead him to believe that there was a business opportunity to grow and sell fresh vegetables on the island.

Takagi convinced seven of his college classmates and friends to join create a vegetable farm company in Guam to grow and sell various kinds of fresh fruits and vegetables. In 1967, Takagi made the move Guam, created "Green Farm Incorporated."

By 1972 Green Farm and run out of money, and the company dissolved. While most of Takagi's partners moved back to Japan, he could not cut ties with the island which he had grown to love. Takagi's parents and family agreed to allow him to stay in Guam under the condition that he carry on the family tradition of selling insurance on the island. In May of 1973, Takagi became the Founder, Vice President, and local General Manager of "Universe Insurance Underwriters, Incorporated" (UIU), a managing general agent for the Yasuda Fire Marine Insurance Company in Japan. UIU provided provide a wide range of insurance solutions to Guam's local business community.

After 17 years as the Managing Director and Vice President of UIU, Takagi decided to go independent and create his own insurance company, Takagi & Associates partnering with Aioi Nissay Dowa Insurance Company, Limited in 1990. Last year, Takagi and Associates celebrated its 27th anniversary.

Takagi has received several awards and recognition to include: as President of the Japan Club of Guam, received commendations from the government of Japan through the Ministry of Foreign Affairs for sponsoring various activities promoting friendship between Japan and other countries; as Chairman of the Peace Ring of Guam in 2006, received recognition from the 28th Guam Legislature Executive Committee (Resolution No. 194) for a Peace Ring project that brought 250 high school students from Japan to learn more about the war and pay respects to those who died during World War II; in 2009, received the Overseas Diplomatic Missions Award from the Japan Consulate General on Guam; in 2015, received the Order of the Rising Sun Gold and Silver Rays, one of Japan's highest honors, from the Emperor of Japan for long and meritorious service in the promotion of Japanese culture and international friendship; in 2015, received recognition from the 33rd Guam Legislature (Resolution No. 124-33) for his company's 25 years of dedication to the insurance industry on Guam; and in 2016, received recognition from the 33rd Guam Legislature (Resolution No. 265-33) for his dedication of service to the Japanese and local community and for receiving the Order of the Rising Sun Gold and Silver Rays.

Takagi is married to Noriko Takagi, with whom they have three grown children and three grandchildren. Takagi holds a second degree black belt in Judo and enjoys playing golf.

THE NATIONAL ANTHEM

Lyrics by Francis Scott Key

Oh! Say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight,
O're the ramparts we watched were so gallantly streaming.
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
Oh!, Say does that star-spangled banner yet wave
O're the land and of the free and the home of the brave?

THE GUAM HYMN / FANOGHE CHAMORU

Ramon Manalisay Sablan, M.D. (1934)

Translated to Chamorro by Lagrimas Untalan

Fanoghe Chamorro put it tano'-ta
Kanta I matuna-na gi todo I lugat.
Para I honra, para I gloriha
Abiba I isla, sin parat.
Para I honra, para I gloriha
Abiba I isla, sin parat.

U todo I tiempo I pas para hita
Yan ginen I langet na bendesion.
Kontra I piligru, na'fansafu ham
Yu'os protehi I isla Guåhån.
Kontra I piligru, na'fansafu ham
Yu'os protehi I isla Guåhån.

UNIVERSITY ALMA MATER

Music by R. Mannoni

On the shore of the Western Pacific
Stands our Alma Mater true.
We'll long retain the memories
Of the days we spent with you.

In the warmth of the island magic,
We will return some day.
Join in and sing a song of praise.

Hail, oh hail.
Hail, oh hail.
Our University.
