

How to sanitize dishes, utensils, and cutting boards

Dishes and Utensils

Use a solution of 1 Tbsp. chlorine bleach per gallon of water.

Soak dishes and utensils for 5-10 minutes in the solution.

Drain and air dry.

Cutting Boards and Surfaces

Use a solution of 1 Tbsp. chlorine bleach per quart of water.

Spray or wipe cutting boards and surfaces. Leave the bleach solution on for at least 2 minutes.

Rinse and air dry.
