### PREAMBLE

The Board of Regents of the University of Guam, hereinafter referred to as the “Board”, and the University of Guam Faculty Union, Local 6282 of the American Federation of Teachers, hereinafter referred to as the “Union”, and the University President, hereinafter referred to as the “President”, recognize that the fulfillment of the mission and purposes of the University of Guam requires a mutual understanding and definition of the relationships between the Board and the Administration on the one hand and the Faculty on the other hand. Attainment of these objectives is a mutual responsibility and requires collegial participation in the consideration of matters of mutual concern.

The Board and the Union further recognize that the attainment of these objectives requires cooperation among the Board, the Administration, and the Faculty. ### FACULTY RIGHTS AND RESPONSIBILITIES

#### A. FACULTY RIGHTS

The Board of Regents and the Union agree that the Board and the Administration shall accord just and equitable treatment to all Faculty members in the exercise of their professional rights, privileges, and responsibilities. The two parties further agree that the Board and the Administration shall not deprive any Faculty member of their rights and privileges within the University without due process. Faculty members shall exercise these rights, privileges, and responsibilities in a professional manner as members of the University community and with due regard for the attendant rights of all others.

The Board of Regents and the Union agree that the following are rights the Board and the Administration shall accord to all Faculty members:

1. Academic freedom rights, which include:
  - a. the right to introduce controversial topics into the classroom as long as these topics are related to the subject under study;
  - b. the right to pursue research and to publish research findings as part of one's academic duties, and to conduct their research honestly and report their findings accurately; and
  - c. the right to express their views (orally or in writing) on controversial matters within as well as beyond their areas of special expertise without being subject to censorship or disciplinary action by the Administration.
2. Freedom of speech and expression;
3. Freedom to communicate with members of the Board, with any member of the University Administration, with officials of the Government of Guam and the Legislature, with members of accrediting bodies, and with the media without being subject to censorship or disciplinary action by the Administration.

It is understood that unless authorized to serve as such, Faculty members are not the official spokespersons for the University, and Faculty members have the duty to make it clear if and when they do not speak for the University;

4. Freedom of association;
5. Freedom from any discrimination that violates the University's statement of nondiscrimination and affirmative action;

6. The right to privacy, safety, and security of their possessions while on University premises. Faculty members, however, are responsible for securing their personal property with due diligence. This right to security does not abridge the Administration's right to access all offices for safety and security reasons.

B. DUE PROCESS AND JUST CAUSE IN DISCIPLINARY ACTIONS

If the Administration takes any action against a Faculty member that could result in discipline up to and including dismissal, or result in the loss of Faculty rights granted and specifically stated in this *Agreement*, University policy, or both, such action shall comply with the provisions of due process and such action shall be for just cause.

C. OFFICIAL PERSONNEL FILES

Files on Faculty maintained by the Administration are governed by the following rules:

1. Number and location

The Administration may keep any number of files in various locations on Faculty members, but the Administration shall maintain only one (1) Official Personnel File for each Faculty member. The Official Personnel File shall be located in the Human Resources Office. The Official Personnel File shall contain all documents (including official BOR-approved student evaluations) and other information that relate to the work performance of, or may affect the employment status of, the Faculty member. Only documents in the Official Personnel File, materials supplied by the Faculty member, or materials requested by an Administrator or the Promotion and Tenure Committee during the course of an evaluation conducted under Article V of this *Agreement*, shall be used in evaluating the Faculty member regarding his or her work performance or employment status.

All files maintained on Faculty by Administration are subject to the Privacy Act of 1972.

2. Contents of the Official Personnel File

The Faculty member shall have the right to have full knowledge of the Official Personnel File's contents, and the file may be comprised of anything that documents or supports performance or employment status. Such documentation could include, but would not be limited to, personnel actions, commendations, and copies of official Board-approved student evaluations. Each Faculty member has the right to review the contents of his or her Official Personnel File in the Human Resources Office upon request during normal business hours.

3. Persons authorized to place material in, have access to, and copy contents of Official Personnel Files

Only the Faculty member or the Administration may have documentation placed in the Official Personnel File. Other than documents generated on a routine basis, all documents placed in the File shall include a written notation identifying who had the document placed in the File. Only an authorized official, the Faculty member, or a person authorized by the Faculty member, may inspect and read the contents of the Official Personnel File.

If the Faculty member requests a copy of any document(s) in the Official Personnel File, the Administration shall, absent extraordinary circumstances, provide the requested copies within five (5) business days of the Faculty member's request. The Faculty member shall pay for the copies at the current duplication costs per page.

4. Notification of placement of materials in the Official Personnel File

Faculty members must be notified, in writing, or by receiving a copy of, any document placed in their Official Personnel File at the time such document is placed in the file.

5. Anonymous documents and the Official Personnel File

With the exception of Board-approved student evaluations, no anonymous document shall be placed in a Faculty member's Official Personnel File. If any Administrator receives an anonymous document about a Faculty member, the Administrator shall immediately destroy the document.

6. Unsolicited signed documents

No unsolicited signed documents (including e-mail messages) received by an Administrator, directly relating to a Faculty member's work performance or employment status, shall be placed in the Faculty member's Official Personnel File until the following occur:

- a. the Faculty member receives a copy of the unsolicited document; and
- b. there is a ten (10) business-day period during which the Administrator will substantiate authorship of the document; and

- c. communication occurs (at the option of the Faculty member) between the Administrator and the Faculty member about the contents of the document within ten (10) business days from when the Faculty member received notification of receipt of the document from the Administrator(s).

If the author of the document in question is a fellow Faculty member, the Dean/Director(s), after meeting with the author, may, at the discretion of the Administrator(s), also place a copy of the document in the author's Official Personnel File or return the document to the author.

7. Faculty comments and removal of documents from the Official Personnel File

Faculty members have the right to insert comments concerning any document in their Official Personnel File, and such documents shall be attached to the document of concern. Documents may only be permanently removed from an Official Personnel File by mutual written agreement between the Faculty member and the Dean/Director.

D. FACULTY INPUT

Article I of this *Agreement* contains principles that require input from the Faculty. Such input can come from the Faculty as a whole at the University-wide level, or the College/School/Research center level/Other Assigned Area, or the Division level. Whenever Faculty input is required, it will only come through the appropriate elected representatives.

Individual Faculty may provide input to the Administration, but the individual Faculty member speaks only for himself or herself.

E. THE FACULTY ELECTION COMMISSION

The Faculty Election Commission is the body responsible for conducting the election of Faculty representatives as required by this *Agreement* and the University of Guam *Rules, Regulations and Procedures Manual (RR&PM)* and will be responsible for:

1. Scheduling and announcing elections;
2. Certifying the eligibility of candidates;
3. Certifying the eligibility of voters;
4. Publishing the list of eligible voters;
5. Conducting the balloting;
6. Certifying and publishing election results; and

7. Arbitrating protests concerning any step of the election process

A grievance cannot be filed based on any Faculty Election Commission decision.

The Faculty Election Commission shall create and distribute election procedures and rules to be followed in conducting Faculty Elections.

The Faculty Election Commission shall consist of six (6) at-large full-time Faculty members. Members shall be elected in the Fañomnakan semester by the full-time Faculty. Faculty Election Commission members will be elected for staggered two-year terms. Every Fañomnakan semester, one-half of the members shall be up for election. Their terms shall begin the first day of the following Fanuchanan semester. At the beginning of the Fanuchanan semester, the Commission members shall choose one of their members to be Chair for that Academic Year.

For Faculty elections, the Office of the Senior Vice President for Academic and Student Affairs (Senior Vice President) will give appropriate clerical assistance and support to the Faculty Election Commission. Also, at the start of each semester, the Human Resources Office will provide the Commission with an updated list of full-time Faculty. Beyond that, there shall be no other involvement of the Administration in the Faculty election process. A grievance cannot be filed against the Office of the Senior Vice President or the Human Resources Office for failure to comply with these provisions.

The Faculty Election Commission deals only with University required elections and has no involvement with the Faculty Union electing its officers or any other intra-union election.

F. ELECTION AND DUTIES OF DIVISION CHAIRS IN COLLEGES AND SCHOOLS

1. Eligibility and election

All Colleges and Schools shall be divided into Divisions. Divisions shall have a Chair who is elected by a majority vote of the full-time Faculty members of the Division. All Chairs must be full-time Faculty members of the Division, with the ability to complete their two-year term.

2. Term of office

The Division Chair's term of office shall be two (2) years, with the possibility of running for consecutive terms.

3. Acting Chair

At no time shall the office of Division Chair remain vacant.

When a Division Chair is unavailable to fulfill his or her duties for a short-term period of up to four (4) weeks, he or she shall designate another tenured or tenure-track Faculty member as acting Division Chair subject to the Dean's approval of the leave. The acting Division Chair need not be a member of the same Division. When a Division Chair is unable to fulfill his or her duties for four weeks or more, then the position is declared to be an unforeseen vacancy.

4. Unforeseen vacancy

In case of an unforeseen vacancy, the senior Faculty member of the Division (based first on rank, and then time in rank at UOG) shall assume the duties of Division Chair. A new Division Chair shall be elected within fifteen (15) business days, and shall serve the remainder of the uncompleted term.

5. Role, compensation, and duties

The Division Chair provides leadership to the Faculty in the Division for the improvement of academic advisement, instruction, assessment, research, and other CFES endeavors. The Chair's primary duty is to serve as the elected leader and representative of the Division Faculty. In carrying out all of their duties, Chairs are accountable to their Dean.

Division Chairs shall be compensated with a 0.25 FTE load allocation and \$4,000 per semester during their term of service. Additional load allocations for the work of Division Chair may be negotiated with the Dean.

If the Faculty member submits these materials within the call period, and the evaluation is positive, the applicable increment shall become effective at the start of the semester appropriate to the initial hire date of the Faculty member, or on the anniversary date of initial hire for twelve-month Faculty.

If the Faculty member fails to submit the corroborative materials required for his or her CFES review within the call period, the Faculty shall receive a negative CFES evaluation and any applicable increment shall be forfeited.

If the Dean/Director fails to submit the completed forms to the Human Resources Office (HRO) within forty-five (45) business days of the date the applicable increment was due to begin, and the Faculty member provides HRO with evidence that he or she submitted materials within the timeline, the increment shall become automatic and HRO shall process the increment.

Student evaluation systems and instruments will be used to evaluate the faculty teaching endeavor within their annual CFES Plan of Work.

#### C. TIMEFRAME FOR VARIOUS PEER REVIEWS AND REVIEWS BY APPROPRIATE ADMINISTRATORS

If the applicant requests so in writing, the Committee or the Administration shall provide the applicant with copies of any responses and replies after the Committee or the Administration has officially received them. The applicant has the right to comment in writing on any responses and replies at any level of the review or evaluation.
- (4) If, after the Committee has forwarded the completed application package to the next review level, the Senior Vice President, or the President, receives any unsolicited letters about the applicant, the applicant shall be notified in accordance with Article IV, section C, of this *Agreement*.

f. Administrative procedures for the promotion evaluation

Following the procedures detailed above in this Article, the application and Committee recommendations, if forwarded, shall be transmitted to the Senior Vice President. If they are not forwarded, the Committee will notify the applicant to pick up his or her materials at the Human Resources Office.

Upon receipt of a recommendation from the Promotion and Tenure Committee, the Senior Vice President shall evaluate the application.

The Senior Vice President shall act upon the application and forward a recommendation to the President within thirty (30) business days of receiving the Committee's recommendation. If the Senior Vice President misses this date, the Committee's recommendation is sustained and the application moves forward to the President.

Upon receipt of a recommendation from the Senior Vice President, the President shall evaluate the application.

The President shall issue a decision within forty-five (45) business days of receiving the recommendation of the Senior Vice President. Beyond this date, the Faculty Union President will consult with the President.

Promotions approved by the President shall become effective upon the commencement of the first semester following the completion of the required time in service or rank, or the first semester following the approval of the President, whichever is later.

Copies of all recommendations made about each applicant by the Committee, Dean/Director, the Senior Vice President, and the President shall, absent extraordinary circumstances, be sent to the applicant within five (5) business days of issuance.

Failure of the Promotion and Tenure Committee or any Administrator to notify an applicant of action taken regarding a promotion application shall not constitute grounds for automatic promotion.

7. Tenure application procedures

Concurrently with the annual increment review, the Dean/Director and each Faculty member eligible for tenure shall discuss the Faculty member's development and fitness for the position held by the Faculty member, and the Faculty member's plan for working toward tenure. The Dean/Director shall summarize the discussion, in writing, and make specific recommendations regarding activities for achieving tenure. The Dean/Director shall then provide a copy of this statement to the Faculty member.

A Faculty member is considered for tenure through self-application.

a. Eligibility and criteria

- (1) Faculty members are eligible to apply for tenure after completing four (4) consecutive Academic Years of probationary service, and they may apply during the fifth year. Only employment under a tenure-track contract shall be considered in determining the length of probationary service.

For Faculty whose initial appointment began in the Fañomnakan semester, the sequence of their consecutive years of academic service is Fañomnakan/Fanuchanan, rather than Fanuchanan/Fañomnakan, and they can first apply for tenure in the Fañomnakan semester at the start of their fifth consecutive year of academic service.

- (2) Approved administrative and University-paid leave shall be counted for purposes of computing years of service and shall not suspend the timeline for computing years of service.

Leaves of absence without pay for one semester or more, may count as service toward tenure if the Senior Vice President gives prior written approval. If approved, the timeline for computing years of service toward tenure shall not be suspended. Otherwise, the timeline for computing years of service is suspended.

- (3) Time spent as an Administrator suspends the timeline for computing years of service for tenure.
- (4) At all levels of review, criteria as defined, published, and approved by the Board shall be the sole basis on which judgment for tenure shall be made.

- b. Submission of completed application package after the call

The Faculty member may not submit his or her completed application package to the Committee until after the call for applications.

- c. Review by Senior Vice President if the Committee fails to forward a recommendation

In the event that the Committee fails to make a recommendation to the Senior Vice President within the time permitted under this *Agreement*, the Senior Vice President may nevertheless consider and act upon the application and forward a recommendation to the President.

- d. Grievances regarding the tenure process

No grievance concerning this process may be filed or considered until the Board of Regents has made the final decision regarding the tenure application.

- e. Material in the completed application package

- (1) The Faculty member is responsible for the development of the materials in the completed application package that are relevant to the review and evaluation for granting tenure.

- (2) At any level of the review or evaluation, the Committee or Administration may request additional information and materials from individuals or Divisions or Other Assigned Areas, either on-campus or off-campus, that are germane to the application package.
- (3) A copy of such requests shall be provided to the applicant at the time the requests are made. If the applicant requests so in writing, the Committee or the Administration shall provide the applicant with copies of any responses and replies after the Committee or the Administration has officially received them. The applicant has the right to comment in writing on any responses and replies at any level of the review or evaluation.
- (4) If, after the Committee has forwarded the completed application package to the next review level, the Senior Vice President, or the President, or the Board of Regents receives any unsolicited letters about the applicant, the applicant shall be notified in accordance with Article IV, section C, of this *Agreement*.

f. Administrative procedures for the tenure evaluation

Following the procedures detailed above in this Article, the application and Committee recommendations, if forwarded, shall be transmitted to the Senior Vice President. If they are not forwarded, the Committee will notify the applicant to pick up his or her materials at the Human Resources Office.

Upon receipt of a recommendation from the Promotion and Tenure Committee, the Senior Vice President shall evaluate the application.

The Senior Vice President shall act upon the application and forward a recommendation to the President within thirty (30) business days of receiving the Committee's recommendation. If the Senior Vice President misses this date, the Committee's recommendation is sustained and the application moves forward to the President.

Upon receipt of a recommendation from the Senior Vice President, the President shall evaluate the application.

The President shall issue a recommendation to the Board of Regents within forty-five (45) business days of receiving the recommendation of the Senior Vice President. Beyond this date, the Faculty Union President will consult with the President.

The Board of Regents shall consider the application and, absent extraordinary circumstances, render a decision within sixty (60) business

days of receiving the President's recommendation. All Board discussions concerning the application shall take place in Executive Session.

The Faculty member shall be notified of the Board's decision within five (5) business days of its being rendered.

The granting of tenure shall become effective as of the date of the Board's final decision. Faculty members awarded tenure by the Board shall enjoy all rights and privileges accorded to tenured Faculty.

Tenured Faculty may not be terminated except for cause, and the tenured employment may not be interrupted except for lay off as defined in Article XI, section B, of this *Agreement*.

Copies of all recommendations made in each case by the Committee, Dean/Director, the Senior Vice President, the President, and the Board of Regents shall, absent extraordinary circumstances, be sent to the applicant within five (5) business days of issuance.

Failure of the Promotion and Tenure Committee or any Administrator to notify an applicant of action taken regarding a tenure application shall not constitute grounds for automatic tenure.

#### 8. Tenure and security of employment

For full-time tenure-track Faculty whose initial appointment began in Fanuchanan semester, the sequence of their consecutive Academic Years of service is Fanuchanan/Fañomnakan. The earliest they can apply for tenure is the Fanuchanan semester of their fifth consecutive Academic Year, and the latest they can apply is the Fanuchanan semester at the start of their sixth consecutive Academic Year.

For full-time tenure-track Faculty whose initial appointment began in the Fañomnakan semester, the sequence of their consecutive Academic Years of service is Fañomnakan/Fanuchanan, rather than Fanuchanan/Fañomnakan. The earliest they can apply for tenure is the Fañomnakan semester of their fifth consecutive Academic Year, and the latest they can apply is the Fañomnakan semester at the start of their sixth consecutive Academic Year of service.

Failure to be granted tenure by the end of the Faculty member's sixth consecutive Academic Year of full-time, tenure-track employment at the University of Guam, shall result in termination at the end of the Faculty member's seventh consecutive Academic Year.

## ARTICLE VI

### WORKING CONDITIONS

#### A. VARIETY OF WORKLOAD ALLOCATIONS

Both the Board and the Union agree that Faculty responsibilities typically encompass activities in instruction, service, extension, library, and creative/scholarly activity or research. They also agree that Faculty shall endeavor to accomplish their responsibilities in a variety of workload allocations as determined by the Dean/Director in consultation with the Faculty member. The Board and Administration shall provide sufficient resources to help Faculty carry out these responsibilities.

The work of the Faculty in their areas of responsibility is professional in character, and thus it does not conform to the exact pattern of an eight-hour day or forty-hour workweek. As a point of reference, though, and for formulating workloads and developing the budget, the workload of the Faculty shall be considered equivalent to a forty-hour workweek. This is not intended to be applied as an eight-hour, five-day workweek, but rather to establish the general parameters of the Faculty member's obligation.

#### B. OFFICE HOURS

Office hours shall be approved by the Dean, and shall be at least six (6) hours over at least three (3) business days per week. Faculty members shall post their office hours, their location, and contact information in the course syllabus and provide a copy to the Dean, and shall inform the Dean of any modification or inability to meet posted office hours.

Full-time Faculty members teaching in the evening or on weekends shall schedule some but not all office hours during evenings or weekends and are encouraged to offer additional office hours during times when their students are available.

Office hours must be held campus.

#### C. STUDENT ADVISEMENT

The Dean shall approve the times for Faculty to assist with student advisement. During the Academic Year, Faculty members shall be available for advisement during the registration periods specified in writing by the Administration.

#### D. FACULTY ENDEAVORS AND FULL WORKLOAD

For Faculty whose primary role is instruction, twelve (12) contact hours per week per semester will typically constitute a full instructional load. The Dean may permit variations to the twelve-contact-hour policy.

Faculty of the Division or Other Assigned Area concerned shall be consulted by the Dean regarding changes in load allocation of 0.25 or more that are assigned to routine activities such as committee chair, program coordinator, or other similar academic non-instructional support functions.

The Board and the Union recognize the impossibility of creating an instructional load formula that is universally applicable to the complex academic programs at the University. To meet each Division's varying instructional, service and research commitments, each Division, through its Division Chair, shall have considerable flexibility to recommend Faculty work loads for the Academic Year to the Dean/Director. For Faculty in Other Assigned Areas, each Faculty member meets directly with her or his Dean/Director to agree on the Faculty member's work load.

Therefore, for the purposes of Promotion from an Instructor to an Assistant Professor, and from an Assistant Professor to an Associate Professor (terminal degree required), a full-time faculty member may choose from the following options\* with respect to primary, secondary and tertiary endeavors (neither option precludes Faculty from receiving overload compensation):

- 50% or greater in Instruction (12 contact hours per week per semester), Extension, or Library endeavors; 15% or greater in University/Community Service endeavors, and 25% or greater in Creative/Scholarly or Research endeavors, depending on the promotion under consideration.

OR

- 75% or greater in Instruction (15 contact hours per week per semester), Extension, or Library endeavors; 15% or greater in University/Community Service endeavors, and 5% or greater in Creative/Scholarly or Research endeavors.

OR

For the purpose of Promotion from Associate Professor to Professor, the criteria shall be:

- (iii) 50% or greater in Instruction (12 contact hours per week per semester), Extension, or Library endeavors; 15% or greater in University/Community Service endeavors, and 25% or greater in Creative/Scholarly or Research endeavor.

Either (i) or (ii) options above under Promotion can be used when applying for Tenure.

---

\*A 2-year commitment is encouraged for either (i) or (ii) options listed and approved by the Dean/Director.

E. FACULTY ENDEAVORS BEYOND A FULL WORK LOAD

Faculty endeavors beyond a 1.0 FTE work load constitute an overload. Faculty cannot be required to accept overload assignments. For an approved Annual CFES Plan of Work exceeding 1.0 FTE, such work is considered an overload requiring additional compensation.

Overloads are not an entitlement, must be approved by the Dean/Director, and may not exceed 0.50 FTE. Programmatic exceptions for extraordinary circumstances may only be granted by the Senior Vice President upon recommendation from the Dean/Director.

F. APPOINTMENT OF FACULTY TO DIVISIONS OR OTHER ASSIGNED AREAS

Faculty appointment to a Division or Other Assigned Area shall be a matter of initial contractual arrangement.

Subsequent reassignment shall be made in consultation with the affected Faculty member and the Division(s) or Other Assigned Area(s) concerned, taking into consideration educational, research, and programmatic concerns and the Faculty member's professional training and experience. The President shall make the final decision on reassignment.

A full-time Faculty member shall be assigned to one Division or Other Assigned Area. Overload assignments by the Dean/Director will be based on work performance, in accordance with CFES criteria. If the Dean/Director determines that no full-time Faculty members in the affected academic program are available, the program Faculty shall recommend other Faculty for these assignments.

G. POOL OF PART-TIME FACULTY

The full-time Faculty members in each program shall develop a pool of individuals who have the program's recommendation to be hired as part-time Faculty. The full-time members of the program shall develop and continuously update the pool by either adding or removing individuals from the list after evaluating them using the CFES instructional and collegiality criteria, and a copy of the confidential evaluation shall be given to the Dean/Director, via the Division Chair.

Full time Faculty may request to teach courses in another college, School, or program. Such a request shall be in writing to the Chair of the Division containing the program, who will refer the request to the program Faculty. The program Faculty shall consider the request and add the name to the list or not.

These recommendations are forwarded to the Dean/Director by the appropriate Division Chair.

Absent extraordinary circumstances, only part-time Faculty listed in this pool will be employed.

When the need arises to assign a part-time Faculty member to a course, the Dean/Director will first try to select from the pool of recommended part-time Faculty.

If it is not possible to choose from the recommended list, the Dean/Director may recommend hiring an individual not included in the pool. In such cases, the Dean/Director shall advise the Division Chair concerning the person hired. The full-time Faculty in the affected program, or concentration where appropriate, will then conduct an evaluation of that person for possible inclusion in the pool and forward their evaluation and recommendation to the Dean/Director.

#### H. CLASS ENROLLMENT CAPS

Each Division's Faculty shall recommend to the Dean the appropriate minimum and maximum enrollment caps for their classes. Due consideration will be given to the physical facilities available, the nature of the class, and the assigned instructor. In any event, class size shall not exceed room capacities such as may be set by OSHA or other safety authorities. The Dean's decision on enrollment caps is final.

The Board and the Union acknowledge that economic and academic factors require a minimum class size in many cases. But in order to prepare academic majors in a given field, it is sometimes necessary to hold classes that are less than the minimum size. Average class sizes throughout an academic Division will be considered when making a decision on whether to allow a small class to proceed.

#### I. WORK ENVIRONMENT

The Board shall provide a safe, secure, healthy work environment with adequate technology and office space, that provides privacy. Suggestions and questions relating to the safety, security, size, privacy, or health concerns of the work environment will be referred to the Dean/Director.

#### J. STAFF SUPPORT

The Board shall provide sufficient resources to meet all appropriate staff support needs.

#### K. FACULTY DEVELOPMENT

Faculty development is a priority for the University and is a joint responsibility of the University and the individual Faculty member.

Both the Board and the Union recognize the need for increased funding of Faculty development. Each Academic Year, therefore, the Administration and the Faculty shall endeavor to obtain a significant, real increase in funds, from external and local resources, for Faculty development activities. Such funds shall be distributed in the fairest manner possible, taking into consideration the goals and desires of individual Faculty members, the needs of their College/School, and the needs of the University.

The Board and the Union also recognize that Faculty travel is an important component of Faculty development and for the enhancement of Faculty skills and knowledge. Faculty members shall have the right to apply for financial support to defray the costs of travel in connection with professional activities in accordance with University policy.

At the end of each Academic Year, the Senior Vice President shall produce an annual report on Faculty development. This report shall include a breakdown of the distribution of funds, and shall be distributed to the University community.

L. FACULTY COMPLIANCE WITH POLICIES AND PROCEDURES

Faculty members are expected to be aware of, and comply with, the policies, practices, rules, regulations, or guidelines of the University and their College/School or Other Assigned Area, as published and distributed by the Administration. Practices, rules, regulations, or guidelines shall be standardized whenever possible.

M. CONSULTATION ON CHANGES IN THE ACADEMIC YEAR CALENDAR

The Senior Vice President and the Union President will consult on any proposed changes in the Board-approved Academic Year Calendar.

## ARTICLE VII

### SALARIES AND FRINGE BENEFITS

#### A. SALARY SCHEDULES

Salary Schedules for Faculty will be established by the Board, depending upon the availability of funds, and may be adjusted from time to time at the Board's discretion. Refer to Appendix I, for the current Salary Schedule.

#### B. SALARY COMMITTEE

A Salary Committee shall be formed. Members of the Salary Committee shall be appointed each year by September 1. The membership shall consist of two (2) persons appointed by the President and two (2) members appointed by the Union.

The Salary Committee shall meet to formulate Faculty salary and benefits recommendations, encompassing both rate and structure for both regular and overload compensation, to be submitted to the President by the last business day of the Fañomnakan Semester. The President shall forward and give an oral report on these recommendations to the appropriate Board Subcommittee before the November regular meeting of the Board of Regents.

The Board of Regents will consider these Salary Committee recommendations for the budget of the following fiscal year. These recommendations shall take into consideration recent changes in the cost-of-living index, the compatibility of University of Guam salaries with those of similar institutions and the University of Guam's financial conditions.

#### C. SALARY INCREMENTS

If, after the annual increment review and evaluation, the Dean/Director certifies that a Faculty member's performance has been satisfactory in the preceding year, the Faculty member, if not at the top step available of his or her rank, shall be granted an increment subject to availability of funds.

In certifying a Faculty member's performance, the Dean/Director shall, in writing, justify all salary increment decisions, identify any deficiencies in the Faculty member's roles as outlined in the Faculty member's evaluation plan, and make recommendations for improvement.

At the top salary step of Professor/Extension Specialist, following three years of documented excellence under CFES criteria, a Faculty member holding this rank may be granted an increase in salary equivalent to one step by the Senior Academic Vice President, at the recommendation of her or his Dean/Director.

D. PROMOTION DIFFERENTIAL

Any Faculty member who is promoted in rank shall receive a differential equivalent to two (2) steps. Faculty may also receive an increment for which they are eligible in accordance with Article VII, Section C of this *Agreement*.

E. PAID HOLIDAYS

The Board shall observe all official holidays designated by Guam Statute. Absent extraordinary circumstances, all such holidays shall be non-working days with pay for the Faculty.

F. EQUITABLE COMPENSATION AND WORKING CONDITIONS

Comparable and equitable compensation and working conditions for nine-month and twelve-month Faculty shall continue.

G. COMPENSATION FOR WORK BETWEEN SEMESTERS

If an Academic Year (nine-month contract) Faculty member is requested to work during the periods between semesters, compensation shall be negotiated with the Dean/Director.

H. TUITION WAIVERS FOR FACULTY MEMBERS, THEIR SPOUSES, AND THEIR DEPENDENT CHILDREN

Tuition waivers for Faculty members, their spouses, and their dependent children shall continue for the term of this *Agreement*. Tuition waivers are designed to enable Faculty members, their spouses, and their dependent children to enroll in or audit a class where there is excess instructional capacity. Faculty members, their spouses, and their dependent children will not have to pay tuition for institutional credit-bearing courses. For the purposes of this tuition waiver program, dependent children are defined as those individuals listed on the Faculty member's income tax return as "dependents" for the most recent filing period.

Students who are under the tuition waiver program shall not be counted in the tally for determining minimum enrollment for the instructor's compensation

I. FACULTY COMPUTER EQUIPMENT AND TECHNOLOGY

In order to enhance Faculty effectiveness, the University shall provide full-time Faculty with computers, printers, software, and broadband Internet access.

J. COMPENSATION FOR PROVIDING SUBSTANTIAL COVERAGE OF ANOTHER FACULTY MEMBER'S CLASSES

When a Faculty member provides class/laboratory coverage for more than two (2) continuous weeks for another Faculty member, the Dean shall provide compensation where appropriate. Compensation shall be for the entire period covered if the coverage

extends beyond the two (2) continuous weeks.

K. PERSONAL LEAVE

Full-time Faculty members are allowed up to three (3) days of personal leave each academic year, with pre-approval by her or his Dean/Director. Personal leave expires at the end of each academic year. Unused personal leave will not be compensated.

## ARTICLE VIII

### LEAVES

#### A. APPLYING FOR LEAVE

Faculty shall have the right to apply for any of the various forms of leave as detailed in University policy and all applicable laws. Absent extraordinary circumstances, any leave or combination of leaves shall not exceed two (2) consecutive academic years.

When applying for leave, Faculty shall provide full and accurate information.

The University Administration shall evaluate each application on its own merits, giving due consideration to the needs and priorities of both the individual and the institution. A timely response to each request for leave shall be provided in writing to the applicant.

#### B. FULFILLMENT OF FACULTY RESPONSIBILITIES DURING LEAVE

Leave and variance forms must be approved at least one week in advance, when possible, by the Dean/Director. Whenever a Faculty member requests leave, he or she shall make written arrangements on the variance form for the fulfillment of his or her essential obligations and responsibilities, such as assigned classes, office hours, committee obligations, or work assignments.

In case of an unanticipated absence, barring extraordinary circumstances, the Faculty member must immediately contact the Dean/Director to arrange for the fulfillment of his or her essential obligations and responsibilities.

## ARTICLE IX

### GRIEVANCE PROCEDURES

#### A. STATEMENT OF PURPOSE

In any labor-management relationship, there may occasionally be disagreements and conflict. This *Agreement* provides a formal framework for an equitable, dispassionate, and expeditious resolution of labor-management conflict at the University. All parties, however, are encouraged to communicate and attempt to resolve their differences informally before, during, and after any formal conflict resolution procedure.

Nothing in this *Agreement* abrogates either party's right to pursue judicial remedies for resolving the grievance after the grievance procedure is completed.

#### B. DEFINITION OF GRIEVANCE

A grievance means a Faculty member's, or a group of Faculty members', expressed feeling of dissatisfaction with aspects of the working conditions and working relationships which are outside the Faculty member's control, including appeals from adverse disciplinary actions not covered by paramount law or regulation.

The grievance procedure stated herein shall extend only to the interpretation or application of existing agreements or to University of Guam personnel policies and regulations and shall not extend to the settlement of disputes or allegations of unfair labor practices for which procedures are otherwise provided by law and regulations.

A grievance cannot be filed against another Faculty member.

Further, a grievance cannot be filed regarding: 1) reappointment decisions; or 2) the refusal of the President to grant promotion or the Board to grant tenure.

#### C. REPRESENTATION RIGHTS DURING THE GRIEVANCE PROCEDURE

1. At any level of the grievance procedure, both parties are barred from having attorneys present at grievance proceedings. Either party has the right to designate an advisor of their choice (who is a full-time employee of the University or Union representative) who may be at the proceedings.

In the spirit of expeditious resolution of a grievance, parties are required to communicate directly with each other during the process. If an advisor is present, the advisor's role is to consult with, and/or advise their party, and he or she may, if requested, speak in that role during the meeting.

2. At each step of the grievance procedure, the Union President shall be notified of all grievance proceedings. The Union President, or designee, and President, or designee, shall have the right to attend all grievance proceedings as observers.

D. PROHIBITION ON FACULTY REPRESENTING THE ADMINISTRATION DURING THE GRIEVANCE PROCEDURE

Under this *Agreement*, all full-time Faculty are covered as members of the collective bargaining unit. Therefore, a full-time Faculty member cannot serve in any capacity as an Administrator's advisor during the grievance procedure.

E. TIMELINES

The business day following an event, or the business day following receipt of any official correspondence filed in relation to a grievance, shall be considered the first business day.

Absent extraordinary circumstances, failure by either party to adhere to any of the timelines at any level of the grievance procedure shall result in the grievance being settled in favor of the other party within five (5) business days.

At any level of the grievance procedure, and prior to the expiration of any timeline, both parties may, by mutual written agreement, stipulate to extend any timeline prescribed in the grievance procedure. The written agreement shall stipulate the new extension, and a copy of the agreement shall be sent to the Union President and the Human Resources Office.

F. DELIVERY OF OFFICIAL CORRESPONDENCE

All official correspondence and documents filed in accordance with the grievance procedure shall be delivered to the designated recipient or stamped 'received' by the respective office staff. A receipted copy will be returned to the originator.

If a recipient is unavailable at the time of delivery, the official correspondence or documents may be given to the recipient by registered mail, by official UOG email, or to the recipient's designated representative. Service by mail shall be deemed accomplished on the date of the postmark, and service by email shall be deemed accomplished according to confirmation of transmittal.

G. GRIEVANCE FILES AT THE HUMAN RESOURCES OFFICE

The Human Resources Office must establish and maintain the grievance files separate from the Personnel Files of the parties involved. Only the grievant or designee, the Faculty Union President or designee, and the Administration shall have access to the grievance file. The Human Resources Office shall hold the files for a period of five (5) years after action has been taken on that grievance. The files shall then be destroyed.

## H. REQUESTING INFORMATION

One party may possess relevant information that the other party may need to investigate and process the grievance. If either party requests such information in writing (and if the information sought is not confidential as defined by Guam statute or Federal law), the other party shall, absent extraordinary circumstances, provide the requested information within five (5) business days at the current duplication costs.

## I. GRIEVANCE PROCEDURE

Prior to filing any grievance, Faculty are encouraged to speak with a Union representative to be aware of the process and their rights.

Any Faculty member, group of Faculty members, or the Union may file a grievance based on the following procedure:

1. Step One: Meeting with the Administrator being grieved
  - a. Within five (5) business days of the alleged violation, or within five (5) business days from when the Faculty member(s) or Union became aware of, or reasonably should have been aware of the alleged violation, the grievant shall request, in writing, a meeting with the Administrator being grieved in an attempt to work out a resolution to the alleged problem. The written request shall include:
    - (1) a description of the facts surrounding the issue, including who was involved, what happened, when it happened, and where it happened, and;
    - (2) a citation of the sections of the *Agreement* or the University of Guam personnel policies and regulations that have been allegedly violated;
    - (3) a statement of what the grievant seeks as a remedy; and
    - (4) a request to meet with the Administrator being grieved to discuss the issues contained in the written statement.

The grievant shall also supply a copy of the written request to the Union President on the same day the Administrator receives the written request.

- b. Within five (5) business days of receipt of the written request for the formal meeting, the Administrator being grieved and the grievant shall meet.

- c. Within five (5) business days of the formal meeting, the Administrator being grieved shall send his or her written decision to the grievant.
  2. Step Two: Meeting with the Administrator's Supervisor
    - a. If the grievant does not receive the remedy that he or she requested at the Step One meeting, or does not receive an alternative remedy satisfactory to the grievant, then the grievant may, within five (5) business days of receiving the Step One decision, submit the written statement to the supervisor of the Administrator being grieved. This written statement shall include all of the information from the previous step.
    - b. The grievant and the Administrator's supervisor shall meet within five (5) business days of the supervisor's receipt of the written statement and discuss the issues raised.
    - c. The Administrator's supervisor shall not consider any new alleged violations or charges other than those presented at Step One.
    - d. Within five (5) business days of meeting with the grievant, the supervisor shall meet with the Administrator concerned to discuss the grievance.
    - e. After the meeting with the Administrator, the supervisor has five (5) business days to reply in writing to the grievant.
    - f. If the grievant does not receive the remedy that he or she requested, or does not receive an alternative remedy satisfactory to the grievant, then the grievant has the right to appeal to an ad hoc Grievance Hearing Committee.
  3. Step Three: Appeal to the ad hoc Grievance Hearing Committee
    - a. If the grievance has not been settled at Step Two, then within five (5) business days after the grievant's receipt of the written decision of the Administrator's supervisor, the grievant may appeal the decision by requesting a hearing by an ad hoc Grievance Hearing Committee by giving written notice to that effect in person or by registered or certified mail, directed to the President, the Administrator being grieved, and the Faculty Union President.

The ad hoc Grievance Hearing Committee shall consist of five (5) members, all of whom shall be selected from among all Administrators and tenured Faculty of the University. Members cannot be selected if they have a family relationship, as defined in the *RR&PM*, to either the grievant or the Administrator being grieved. Two (2) members shall be selected by the Faculty member and two (2) members shall be appointed by the Administrator being grieved. Those four (4) members will select the fifth member who shall be the Chair. Neither the affected Faculty member nor the President shall serve as a member of the ad hoc Grievance Hearing Committee.

b. Process of the hearing

- (1) The request shall be in writing to the President, stating the Faculty member's desire for a hearing, and include all of the information from each of the previous steps. The request shall be filed with the President, the Administrator being grieved and Faculty Union President.
- (2) Within five (5) business days of receipt of the written request, the Faculty member will select two (2) members to serve on the Grievance Hearing Committee and the Administrator being grieved will select two (2) members to serve on the Grievance Hearing Committee. These names will be sent to the President.
- (3) The President will notify the members of their selection within five (5) business days of their selection, after which the four (4) members will select the fifth member.
- (4) Within five (5) business days of the selection of the fifth member, the Grievance Hearing Committee shall determine a time and place for the hearing and the Chair shall notify, in writing, both parties. The hearing must take place no later than ten (10) business days after the Grievance Hearing Committee notifies both parties, unless the Committee notifies all parties of an extension not to exceed ten (10) business days.
- (5) The Grievance Hearing Committee shall conduct the hearing and issue a written decision within ten (10) business days of the date of the hearing to the grievant, the Administrator being grieved, the Faculty Union President, and the President.

c. The Grievance Hearing Committee shall not consider any new alleged violations or charges other than those presented at Step One.

- d. If either party disputes the grievability of the issue, the Grievance Hearing Committee shall first determine whether the issue is indeed grievable. If the issue is not grievable, it shall be referred back to the parties without decision or recommendation on its merits.
- e. The decision of the Grievance Hearing Committee shall be final and binding upon the parties. There shall be no appeal from the Grievance Hearing Committee's decision by either party, if such decision is within the scope of the Grievance Hearing Committee's authority as described below:
  - (1) The final written decision of the Grievance Hearing Committee shall be limited to addressing the violation(s) listed in the Step One written request, and, with a supporting rationale, (a) granting the full relief requested, or (b) granting partial relief, or (c) denying the relief requested, or (d) granting an alternative relief that addresses the violation(s).
  - (2) The Grievance Hearing Committee shall not have the power to add to, subtract from, disregard, alter, or modify any of the terms of this *Agreement* or University policy.
  - (3) The Grievance Hearing Committee's decision must be consistent with Guam law, the terms of this Agreement, and University policy.
  - (4) Within twenty (20) business days of receipt of the Committee's decision, if the grievant or the Administrator being grieved produces evidence that the Committee did not adhere to (2) or (3) above, or new evidence is now available that could have a substantial impact on the grievance, then either party may request, in writing, a reconsideration by the Committee. The Committee shall issue a decision within ten (10) business days of receiving the request for reconsideration. There shall be no further appeal.

The supervisor of the Administrator grieved shall ensure that all the terms of the decision are implemented, and the Faculty Union shall monitor implementation of the decision.

## ARTICLE X

### DISCIPLINARY ACTION INCLUDING ADVERSE ACTION

#### A. STATEMENT OF PURPOSE

This Article of the *Agreement* provides a formal framework for an equitable, expeditious, and systematic resolution of matters involving disciplinary action, including Adverse Action. The purpose of disciplinary action, including Adverse Action, by the Administration, is to recognize, address, and, if possible, correct inappropriate behavior.

The underlying principle in disciplinary cases is to ensure that the Faculty member is afforded procedural rights during the disciplinary action, including Adverse Action, and that the disciplinary action, including Adverse Action, by the Administration is for cause and is appropriate to the offense.

All parties, however, are encouraged to communicate and attempt to resolve the matter informally before, during, and after any formal disciplinary action procedure.

Nothing in this *Agreement* abrogates either party's right to pursue judicial remedies for resolving the disciplinary action after the process described in this Article is completed.

#### B. NOTICE TO FACULTY ABOUT ALLEGED INAPPROPRIATE BEHAVIOR

A Faculty member shall be provided an opportunity to explain his or her perspective before an Administrator begins any disciplinary or adverse action procedure for alleged inappropriate behavior.

When an Administrator receives information alleging that a Faculty member has behaved inappropriately, the Administrator will contact the Faculty member within five (5) business days. The Administrator and the affected Faculty member will then meet to discuss the allegation within five (5) business days from when the Administrator first contacted the Faculty member. This will be prior to any disciplinary or adverse action procedures being implemented, as described below in sections C and D of this Article. If the Faculty member does not respond within five (5) business days, then the Administrator shall move to an appropriate level of disciplinary action.

The requirement for notice in this section does not apply to egregious acts, such as threats or acts of violence.

#### C. LEVELS OF DISCIPLINARY ACTIONS INCLUDING ADVERSE ACTION

Disciplinary action shall be appropriate to the seriousness and nature of the offense, shall take into account the past record of the Faculty member, and shall be based on the model of progressive discipline. However, depending on the severity of the alleged offense, the appropriate Administrator may proceed to Level 2 or Level 3 of disciplinary actions. The following is a list of levels of disciplinary actions that the Dean/Director may pursue in addressing and correcting, if possible, inappropriate conduct in a reasonable manner:

1. Level One (no loss of pay or loss of job; not an Adverse Action)
  - a. an oral or a written warning (not placed in the Faculty member's Official Personnel File) about the possible consequences if the inappropriate behavior continues. Such a warning may include a recommendation to seek counseling and/or a request to provide a development plan to correct the inappropriate behavior, and/or a restriction of privileges; and/or
  - b. a written warning, placed in the Faculty member's Official Personnel File, about the possible consequences if the inappropriate behavior continues. Such a warning may include a recommendation to seek counseling and/or a request to provide a development plan to correct the inappropriate behavior, and/or a restriction of privileges; and/or
  - c. a letter of reprimand placed in the Faculty member's Official Personnel File; this is a formal expression of institutional rebuke, conveyed by the Dean/Director. Such a letter may include a recommendation to seek counseling and/or a requirement to provide a development plan to correct the inappropriate behavior, and/or a restriction of privileges.
2. Level Two (loss of pay; an Adverse Action)
  - a. loss of pay; and/or
  - b. suspension without pay; and/or
  - c. loss of step; and/or
  - d. demotion in rank
3. Level Three (loss of job; an Adverse Action)

The disciplinary action at this level is dismissal from employment at the University of Guam.

The President of the University has sole authority to dismiss any tenured or non-tenured Faculty member. In all cases where dismissal is being considered, the President shall consult with the Faculty Union President prior to dismissing any member of the Faculty.

Termination due to failure to be granted reappointment, or due to failure to be granted tenure by the end of the sixth academic year, or due to expiration of a limited-term contract is not an adverse action as defined in Article X herein.

Disciplinary actions such as letters of reprimand, which the Administration can issue but which do not involve Adverse Actions as defined in Article X herein, may be subjects of a grievance as provided for in Article IX herein. If such action is grieved, the Human Resources Office must establish and maintain the disciplinary action files separate from the Official Personnel Files of the parties involved. Only the Faculty member or designee, the Union President or designee, and the Administration shall have access to the disciplinary action file.

If the disciplinary action is upheld, then the Human Resources Office shall, within seven (7) days of receipt of the final decision, add the disciplinary action to the Faculty member's Official Personnel File.

If disciplinary action is not upheld, then the Human Resources Office shall, within seven (7) days of receipt of the final decision, certify the expungement of the disciplinary action.

D. DEFINITIONS OF ADVERSE ACTION

1. Adverse action means the suspension, demotion or dismissal of a Faculty member for causes outlined in section E of this Article.
2. Suspension means the temporary removal of a Faculty member from his or her position with loss of pay as a disciplinary measure.
3. Demotion means the involuntary reduction of a Faculty member's Rank or the involuntary reduction of a Faculty member's salary steps within the same Rank as a disciplinary measure.
4. Dismissal means the termination of a Faculty member from his or her position for cause.

E. AUTHORIZED CAUSES FOR DISCIPLINARY ACTION INCLUDING ADVERSE ACTION

Authorized causes for disciplinary action, including adverse action, against a Faculty member shall be limited to the following:

1. fraud in securing appointment, promotion, or tenure;
2. misconduct in research as defined in the UOG *RR&PM*;
3. demonstrated incompetence in his or her academic discipline, work performance, or employment;
4. inexcusable neglect of duty related to work performance or employment;

5. willful dishonesty related to work performance or employment;
6. inexcusable absence without approved leave;
7. insubordination, which means willful failure to obey a direct, legitimate order from an Administrator in the Faculty member's direct supervisory chain;
8. intoxication or illegal drug use while on campus;
9. addiction to the use of illegal drugs;
10. conviction of a misdemeanor involving moral turpitude;
11. conviction of a felony;
12. insulting, rude, or belligerent treatment of the public, students, or other University employees;
13. misuse of government property in violation of law, rules, or regulations;
14. other gross personal misconduct, either during or outside duty hours, that is of such a nature that it causes discredit to the University;
15. illegal job action as defined in the Public Employee-Management Relations Act of Guam (PEMRA);
16. consumption of alcohol on campus without prior approval from appropriate authority;
17. sexual misconduct as defined in the University EEO policy;
18. violation of any provision of the contract and or any provision of the University policy, rules and regulations.

F. PROCEDURES

1. Each Faculty member is entitled to the following procedural rights during Adverse Action proceedings:
  - a. the right to be notified of the charges, and to be supplied with a copy of any documents and investigation reports that involve the charges;
  - b. the right to have a representative in any interview the Administration might hold with the Faculty member to investigate a possible discipline charge against a Faculty member;

- c. the right to have, and be present at, a fair hearing by the Adjudication Committee;
- d. the right to representation at any formal hearing;
- e. the right to confront accusers; and
- f. the right to answer the charges and present evidence and witnesses.

2. Representation Rights During the Adverse Action Procedures

- a. At each step of the adverse action procedures, the Union President shall be notified, in writing, of all adverse action proceedings. The Union President, or designee, shall have the right to attend all adverse action proceedings.
- b. At each step of the adverse action proceedings, the Faculty member shall have the right to designate an advisor (or Union representative) of his or her choice who may be present to consult with, advise, and speak for the Faculty member.
- c. At each step of the adverse action proceedings, either party retains the right to representation by legal counsel.

3. Prohibition on Faculty Representing the Administration During Disciplinary Action Procedures

Under this *Agreement*, all full-time Faculty are covered as members of the bargaining unit. Therefore, a full-time Faculty member cannot serve in any capacity as an Administrator's advisor during the adverse action procedure.

4. Timelines

For purposes of this Article, "day" shall mean calendar day. The day after an event or the day following receipt of any official correspondence filed in relation to an adverse action, shall be considered the first day of the next indicated timeline.

At any level of the Adverse Action procedure, and prior to the expiration of any timeline, both parties may, by mutual written agreement, stipulate to extend any timeline prescribed in the Adverse Action procedure. The written agreement shall stipulate the new extension, and a copy of the agreement shall be sent to the Union President and the Human Resources Office.

5. Delivery of Official Correspondence

All official correspondence and documents filed in accordance with the disciplinary action procedure shall be delivered to the designated recipient or stamped 'received' by the respective office staff. A receipted copy will be returned to the originator.

If a recipient is unavailable at the time of delivery, the official correspondence or documents may be given to the recipient by registered mail, using the address on file in the Human Resources Office, by official UOG email, or to the recipient's designated representative. Service by mail shall be deemed accomplished on the date of the postmark, and service by email shall be deemed accomplished according to confirmation of transmittal.

6. Adverse Action Files at the Human Resources Office

The Human Resources Office must establish and maintain the adverse action files separate from the Personnel Files of the parties involved. Only the Faculty member or designee, the Faculty Union President or designee, and the Administration shall have access to the adverse action file.

If the adverse action is implemented, then the Human Resources Office shall, within seven (7) days of implementation, add the adverse action to the Faculty member's Official Personnel File.

If the adverse action is modified by the Adjudication Committee, then the Human Resources Office shall, within seven (7) days of receipt of the final decision, replace the original adverse action with the modified adverse action in the Faculty member's Official Personnel File.

If the adverse action is revoked by the Adjudication Committee, then the Human Resources Office shall, within seven (7) days of receipt of the final decision, destroy the adverse action file or purge the Faculty member's Official Personnel File of the adverse action.

7. Requesting Information

One party may possess relevant information that the other party may need to investigate and process the adverse action or the appeal of the adverse action. If either party requests such information in writing (and if the information sought is not confidential as defined by Guam statute or Federal law), the other party shall, absent extraordinary circumstances, provide the requested information within seven (7) days at the current duplication costs.

## 8. Adverse Action Procedures

### a. Notice of Proposed Adverse Action

A Faculty member against whom adverse action is sought is entitled to written notice stating any and all causes, with the bases of specific charges expressed in detail, for the proposed action.

### b. Faculty Member's Answer

A Faculty member is entitled to twenty (20) days for answering charges in a notice of proposed adverse action and for furnishing affidavits in support of his or her answer.

If the Faculty member fails to answer within twenty (20) days of receipt of the adverse action notice, the charges will be deemed admitted and the Faculty member shall forfeit the right to answer.

If the Faculty member answers, the President shall consider his or her answer in reaching a decision.

The Faculty member may answer orally or in writing or both. The right to answer personally includes the right to answer orally in person by being given a reasonable opportunity to make any representations which the Faculty member believes might sway the final decision in the case, but does not include the right to a trial or formal hearing with examinations of witnesses.

When the Faculty member requests, in writing, an opportunity to answer personally, the President shall meet with the Faculty member to hear his or her answer.

### c. Duty Status During Notice Period

A Faculty member against whom adverse action is proposed is entitled to be retained in an active duty status during the notice period.

However, when circumstances are such that the retention of the Faculty member in active duty in his or her position may result in damage to University property or may be detrimental to the interests or operations of the University or injurious to the Faculty member, fellow workers, or the general public, the President may temporarily assign the Faculty member to duties in which these conditions will not exist or place him or her on suspension with pay.

d. Notice of Adverse Action

The Faculty member is entitled to notice of the President's decision at the earliest practicable date but no later than twenty (20) days following the due date of the Faculty member's response.

The University shall deliver the notice of decision to the Faculty member at or before the time the action will be made effective. The notice shall be in writing, be dated, inform the Faculty member of the specific statement of the charges upon which such action is based, inform the Faculty member of his or her right to appeal, and inform him or her of the time limit within which an appeal may be submitted, all as provided in Article X, section D, subsection 11, of this *Agreement*.

The Adverse Action is effective the date of the Notice of Adverse Action. Implementation of the adverse action decision, from its effective date, is subject to the provisions in Article X, section D, subsection 12, of this *Agreement*.

9. Appeals of Adverse Action

This section sets forth procedures to provide a simple, orderly method through which a Faculty member may seek prompt reconsideration of an adverse action against him or her.

a. Definitions

- (1) Appeal means a request by a Faculty member for reconsideration of an adverse action against him or her.
- (2) Original Adverse Action means an adverse action by the University against a Faculty member as defined in Article X, section D, subsection 1, of this *Agreement*.
- (3) "Day" shall mean calendar day.
- (4) Adjudication Committee means the constituted ad hoc body to hear and adjudicate adverse action appeals.

The Adjudication Committee shall consist of five (5) members, all of whom shall be selected from among all Administrators and tenured Faculty of the University. Two (2) members shall be selected by the affected Faculty member and two (2) members shall be appointed by the President. Those four (4) members will select the fifth member who shall be the Chair. Members cannot be selected if they have a family relationship, as defined in the *RR&PM*, to either the President or the affected Faculty member. Neither the affected Faculty member nor the President shall serve as a member of the Adjudication Committee.

b. The Appeal

(1) Right to Appeal or Terminate Appeal

- (a) Any full-time Faculty member is entitled to appeal an adverse action.
- (b) A regular contract Faculty member occupying a permanent position with the University is entitled to appeal adverse actions imposed during the term of his or her contract. Non-renewal of contract is not considered an adverse action and is not subject to appeal.
- (c) The Faculty member may terminate his or her appeal at any time before the President's final decision and the request for termination shall be honored by the Administration.

(2) Process of Appeal

- (a) An appeal shall be in writing stating the Faculty member's desire for adjudication and it shall be filed with the President within seven (7) days of the date of the Notice of Adverse Action.
- (b) Within seven (7) days of the President's receipt of the written appeal, the Faculty member will select two (2) members of the Adjudication Committee and the President will appoint two (2) members of the Adjudication Committee.
- (c) Within seven (7) days of their selection/appointment, the four (4) members will select the fifth member.

- (d) Within seven (7) days of the selection of the fifth member, the Adjudication Committee shall determine a time and place for the hearing and shall notify, in writing, both parties. The hearing must take place no earlier than fourteen (14) days after the Committee notifies both parties, unless otherwise agreed to in writing.
- (e) The Adjudication Committee shall conduct the hearing and issue a written decision to both parties within sixty (60) days of the date of the Notice of Adverse Action. In the event the sixtieth day falls on a holiday or a weekend, the next working day shall be considered the sixtieth day.

(3) Basis of Appeal and Rebuttal

- (a) Within fourteen (14) days of filing the appeal, the Faculty member shall submit to the Committee a written statement that sets forth clearly the basis of the appeal, stating all relevant facts pertaining to the issues raised in the appeal and specifying the statutes, rules and regulations, if any, upon which the Faculty member relies.

Absent extraordinary circumstances, if the written statement is not submitted on or before the expiration of the fourteen (14) day period, the Faculty member shall forfeit appeal rights, and the adverse action shall be implemented.

- (b) The Committee shall immediately provide the President with a copy of the Faculty member's written statement.
- (c) The President shall within fourteen (14) days after receipt of the Faculty member's written statement, forward to the Adjudication Committee the Administration's statement of defense. The Administration's statement of defense shall contain objections to any or all issues raised by the appeal, objections to the form of the appeal, the Administration's view of the facts, a rebuttal to any matter raised in the appeal, a description of testimonial and/or documentary evidence upon which the Administration will rely in its defense of the appeal.

A statement of defense shall be deemed a specific denial of all aspects of the appeal not expressly admitted. All objections as to the form of the appeal shall be deemed waived, unless objected to as provided herein.

Absent extraordinary circumstances, if a statement of defense is not submitted on or before the expiration of the fourteen (14) day period, the Administration shall forfeit defense rights, and the adverse action shall be revoked.

- (d) The Committee shall immediately provide the Faculty member with a copy of the Administration's statement of defense.

(4) Presentation of Appeal

In presenting an appeal, a Faculty member shall be assured freedom from restraint, interference, coercion, discrimination, or reprisal and shall have the right to be accompanied, represented, and advised by a representative of his or her own choosing.

If the Faculty member designates a representative, the representative shall be assured freedom from restraint, interference, coercion, discrimination, or reprisal.

c. Hearing Procedures before the Adjudication Committee

- (1) The Adjudication Committee shall keep minutes of its procedures and maintain records of the hearing. The record of hearing shall contain a summary of all testimony presented and copies of all documents submitted to the Committee.
- (2) Each party shall have the following rights: the right to counsel; to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though the matter may not have been covered in the direct examination; to impeach any witness and to rebut the evidence against him or her. It shall be the right of the Faculty member to decide if the hearing shall be open or closed to the public.
- (3) The Faculty member shall first present his or her case by calling witnesses and offering evidence. The Administration shall then present its defense and any rebuttal to the Faculty member's case. The Faculty member may then rebut the Administration's defense. Summation by each side then follows in the same order.

The burden of proof is on the Administration.

The hearing need not be conducted according to technical rules of evidence. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule of evidence. Irrelevant and unduly repetitious evidence shall be excluded.

- (4) Within sixty (60) days after the date of the Notice of Adverse Action, the Adjudication Committee shall deliver its written recommendation for action to the Faculty member, the Union President, and the President. The recommendation for action shall be based on the preponderance of evidence; shall be in writing; and shall contain findings of fact, a determination of the issues and defenses presented, and remedial action to be taken, if any. The Adjudication Committee shall recommend sustaining, modifying or revoking the adverse action. One copy of the record of hearing shall be provided to the Faculty member, the Union President, and the President.

d. Decision of the President

Following receipt and review of the Adjudication Committee's recommendation, the President shall sustain, modify or revoke the adverse action against the Faculty member. The decision of the President is final and there is no further right of administrative appeal. The President's final written decision shall be made within seven (7) days after receipt of the Adjudication Committee's recommendation. One copy of the President's final decision shall be provided to both the Faculty member and the Union President.

e. Death of the Faculty member

When an appeal is properly filed before the death of the Faculty member, the Adjudication Committee and President shall process it to completion.

10. Effective date of implementation of Adverse Actions

- a. If the adverse action is for suspension without pay for five (5) days or less, or for demotion of two (2) pay steps or less, the adverse action shall be implemented on the effective date of the final Notice of Adverse Action. The Faculty member may then appeal the adverse action following the procedures outlined in this Article.
- b. If the adverse action is for anything else, the implementation date shall be sixty (60) days after the effective date of the final Notice of Adverse Action, or on the date of the final decision by the President, whichever is earlier.

- c. If a Notice of Proposed Adverse Action is issued against a nine-month Faculty member or a twelve-month Faculty member on approved leave at a time when it is not possible to communicate with or contact the Faculty member, the Administration may continue the adverse action process through the final Notice of Adverse Action. The Administration shall place the Notice of Adverse Action in an adverse action file in the Human Resources Office as provided for in this Article and shall be effective as of that date.

However, implementation of the adverse action against the Faculty member shall be suspended until one of the following events occurs, whichever is first: (1) the Faculty member is contacted by or communicates with the Administration or (2) the first day of the next regular semester or (3) the Faculty member returns from approved leave. At such time, the timelines for the process of appeal shall be reactivated and commenced as of that date.

- d. If a Notice of Proposed Adverse Action is issued against a nine-month Faculty member or a twelve-month Faculty member who is absent without approved leave at a time when it is not possible to communicate with or contact the Faculty member, the Administration may continue the adverse action process through the final Notice of Adverse Action. The Administration shall place the Notice of Adverse Action in both the adverse action file and the Official Personnel File in the Human Resources Office as provided for in this Article. The adverse action shall be effective and implemented as of that date.

## ARTICLE XI

### RECRUITMENT, LAYOFFS, AND RECALL

#### A. FACULTY RECRUITMENT

Recruitment is a mutual concern of all in the University community. The Administration shall give serious consideration to recommendations from the Division(s) or Other Assigned Area(s) concerned when filling a Faculty vacancy.

No tenure-track or non-tenure-track full-time Faculty position can be filled unless a search is conducted according to the procedures in this Article.

##### 1. Formation of Search Committees

Search Committees for Faculty positions shall be established in the following manner:

- a. The Dean/Director shall request approval from the Senior Vice President to fill a vacancy.
- b. Upon approval, the Dean/Director shall request that the Division or Other Assigned Area forward names of full-time Faculty members to serve on the search committee.
- c. The Division or Other Assigned Area will then elect from three (3) to five (5) members (the exact number is left up to the Faculty) from all the full-time Faculty members of the Division or Other Assigned Area. The Division or Other Assigned Area will forward the names of the selected individuals to the Dean/Director.
- d. The Dean/Director shall appoint these Faculty members to the Search Committee. The Dean/Director may also appoint up to two (2) additional full-time Faculty members. The Dean/Director shall then convene the Search Committee and appoint the Committee Chair from the elected members.
- e. In fulfilling its Faculty recruitment responsibilities, the Search Committee shall invite all full-time Faculty members in the Division or Other Assigned Area to have input into the process. The Search Committee shall establish criteria for selection with the concurrence of the Dean/Director and the Senior Vice President. The criteria shall be in accordance with University-wide and College-wide standards and the University's policy on nondiscrimination and affirmative action.

The person/committee who initiated the original appointment may remove a committee member for just cause.

2. Length of service for non-tenure-track, full-time Faculty

After three (3) years of satisfactory annual performance reviews, non-tenure track Faculty will undergo the University-approved reappointment review. If the review is satisfactory, the Faculty is then reappointed for an additional two (2) years. The Dean may grant an additional five (5) years for a total of ten years of consecutive service. After ten (10) years, a new search must be held to fill the position.

This provision only applies to full-time Faculty positions funded by Guam legislative appropriations to the University of Guam.

3. Emergency-hire Faculty

In the event of an unexpected vacancy in a Faculty position (due to, for example, death, sudden resignation or retirement, or serious illness, or absence without approved leave), the Dean/Director shall first attempt to reassign duties to other Faculty in the program.

If it is not possible to reassign duties to other Faculty in the program, the Dean/Director may recommend a candidate for an emergency full-time hire to the Senior Vice President and the President. Such an emergency hire may be conducted without going through the search process described in this Article. The employment period of the emergency-hire Faculty shall be for a term no longer than the completion of the calendar year in which the vacancy occurred.

4. Advance notice of salary schedule and fringe benefits

Newly recruited Faculty members shall be given notice of the salary schedule and fringe benefits in advance of being expected to sign the initial employment contract. Following the receipt of the signed contracts, the Human Resources Office shall send to the Faculty Union a copy of the names and addresses of the new Faculty members.

B. FACULTY LAYOFFS

The Board recognizes that laying off Faculty is a most serious separation step for an institution of higher learning. It may be necessary to lay off a Faculty member because of a bona fide financial exigency as specified below.

Faculty layoffs shall only be taken as a final step in an orderly planned consultative process. No Faculty layoffs shall take place until all other reasonable cost-saving measures have been exhausted, and until after a total freeze on the hiring of any personnel to fill any newly created University positions has been in place for at least six (6) months. This hiring freeze only applies to positions funded by Guam legislative appropriations to the University of Guam.

To this end, different processes and procedures shall apply, according to the nature and reason for the layoff.

1. Layoff due to financial exigency

After the Board has declared that a layoff of Faculty members is necessary due to a bona fide financial exigency, the Administration shall consult with Faculty members of the affected Division or Other Assigned Area and with the Union.

In determining which Faculty member's employment to discontinue for reasons of financial exigency, a multi-level review process shall be used. The first level of review shall focus on the single criterion of programmatic needs. Once this review has identified the program areas to be eliminated or cut-back, the final selection of layoffs shall be undertaken by the Administration. Once programmatic needs have been established, preference for retention shall be given to those holding tenured positions, starting at the rank of Professor. Part-time Faculty, or non-tenured Faculty, or both, shall be released first.

In making this determination on layoff, the Administration shall actively solicit recommendations from the various Faculty Divisions or Other Assigned Areas and organizations of the University including the Union and shall give due consideration to all recommendations. Such recommendations shall be transmitted in writing to the President within forty-five (45) business days of notice of impending layoffs.

2. Layoff procedures

Before any layoff is declared, the Administration, supported by affected Faculty members and the Union, shall make a documented and demonstrated effort to locate appropriate, alternative, or equivalent employment within the University for those Faculty members subject to layoff. Written notice of these efforts shall be shared with the affected Faculty members and with the Union. Once programmatic needs have been established, preference for retention shall be given to those holding tenured positions, starting at the rank of Professor. Part-time Faculty, or non-tenured Faculty, or both shall be released first.

No full-time Faculty members shall be laid off unless and until the alternatives below have been considered, and if deemed feasible, implemented:

- a. Shared load between Divisions or Other Assigned Areas;

- b. Reassignment to another Division or Other Assigned Area, but only after consultation with the affected Faculty member and with the Division or Other Assigned Area to which the Faculty member may be reassigned, taking into consideration educational, research, and programmatic concerns and the Faculty member's professional training and experience;
- c. Supplementation of assigned duties with alternative duties;
- d. Transfer to a vacant position (but only with the consent of a majority of Faculty members of the Division or Other Assigned Area wherein there is the vacant position);
- e. Reduced appointment;
- f. Negotiated separation package;
- g. Early retirement.

Faculty members who are to be laid off shall be given at least one (1) year's notice. The Administration shall make every reasonable effort to find appropriate employment for the laid off Faculty member outside the University.

### 3. Special Circumstances for extramurally funded Faculty

In any University there are always Faculty members whose circumstances of employment merit special consideration such as those funded extramurally. In regards to layoff, such cases will be considered individually in consultation with the Union.

### 4. Ad Hoc Special Appeals Committee

Appeals of specific layoff decisions may be filed by the affected Faculty member(s) with an ad hoc Special Appeals Committee. The committee shall consist of three (3) members, all of whom shall be selected from among Administrators and all tenured Faculty of the University. One (1) member shall be selected by the Faculty member and one (1) member shall be appointed by the President. Those two (2) members will select the third member who shall be the Chair. Neither the affected Faculty member nor the President shall serve as a member of the ad hoc Special Appeals Committee.

The committee shall conduct a hearing within ten (10) business days of receiving the appeal, and shall give a decision within five (5) business days of that hearing.

Appeals of the Special Appeals Committee decision by either party will be heard by the Board of Regents. Any appeal must be filed in, writing, to the Executive Secretary of the BOR within ten (10) business days of the receipt of the decision of the Special Appeals Committee. The appeal shall be heard by the Board of Regents no later than at the next regularly scheduled meeting occurring ten (10) or more business days after the appeal is filed. All appeals shall be in writing and shall be restricted to the proposed implementation of the decisions of the Board of Regents. The Union shall be notified of the time and place of any hearing and may attend.

C. FACULTY RECALL

1. The Administration shall compile and keep current a list of Faculty members who have been laid off, the layoff date, and addresses. Names will remain on the list for a period of three (3) years. Laid off Faculty members shall be responsible for providing timely information as to their whereabouts and availability in order to keep files up to date.
2. Promotion and tenure timelines shall be suspended for up to three (3) years for Faculty terminated by reason of layoff.
3. If positions become available within three (3) years of the lay off actions, eligible Faculty members who were laid off will have first priority for recall in reverse order of lay off, so long as this can be accomplished while accommodating the University's programmatic needs. These Faculty members shall be so notified by registered letter sent to their last known address. In order to exercise this right of recall, the Faculty member must be available within one year. Recall rights shall expire three (3) years from the date of lay off or upon failure to accept an offer of recall made within the three-year period.
4. In all cases of layoff of Faculty members for reasons described in this Article, the position of the Faculty member laid off shall not be filled by a replacement unless:
  - a. the laid off Faculty member has been offered reinstatement and has failed to accept within thirty (30) business days of receipt of such an offer; or
  - b. after mailing the offer of reinstatement, the Administration receives an official notice of undeliverability of the letter within thirty (30) business days of the mailing; or
  - c. the laid off Faculty member declines to accept the offer of reinstatement.

5. No retraining of returning Faculty members or upgrading of Faculty skills can be required by the University without the written approval of the Faculty member. Should such approval be given, the Board of Regents shall give due consideration to Faculty member requests for training in the awarding of Government of Guam student financial aid.

D. SPECIAL ISSUES

If a special issue arises that would affect the continuous employment of tenured Faculty, the Administration will provide ninety (90) business days notice to the Faculty Union of such intent to implement.

The Administration and the Faculty Union will immediately commence negotiations as to the impact and implementation of such change. If agreement by both parties is not reached through negotiations, another ninety (90) business days will be given as notice. During this second period of ninety (90) business days, efforts will continue to obtain an Impact and Implementation agreement.

Upon the completion of the one-hundred eighty (180) business days, absent an agreement, management may proceed with implementation.

### SAVINGS CLAUSE, FORCE MAJEURE CLAUSE, AND INTEGRATION OF THE *AGREEMENT* WITH UNIVERSITY POLICY

#### A. SAVINGS CLAUSE

In the event any portion of this *Agreement*, in whole or in part, is declared to be illegal, void, or invalid by any court of competent jurisdiction, all other items, conditions, and provisions of this *Agreement* shall remain in full force and effect to the same extent as if that portion had never been incorporated in this *Agreement*, and in such event the remainder of this *Agreement* shall continue to be binding upon the parties thereto.

#### B. FORCE MAJEURE CLAUSE

It may happen that a portion of this *Agreement*, in whole or in part, cannot be implemented or upheld as the result of the direct, immediate, and exclusive operation of the forces of nature, uncontrolled or uninfluenced by the power of humans, and without human intervention, which is of such character that it could not have been prevented, or avoided by foresight or prudence. Such forces of nature include, but are not limited to, wars, civil insurrection, earthquakes, typhoons, and sudden illness or death of a person. In these cases, the *Agreement* still applies, but timelines may be altered by the circumstances.

#### C. INTEGRATION OF THE *AGREEMENT* WITH UNIVERSITY POLICY, RULE, REGULATION, GUIDELINE, OR PRACTICE

For the life of this *Agreement*, the *Agreement* shall prevail over all University policies, practices, rules, regulations, or guidelines, whether written or unwritten, and over any policy, practice, rule, regulation, or guideline, whether written or unwritten, of any component of the University.

##### 1. Policy, rule, regulation, guideline, or practice not covered by the *Agreement*

The Board and the Union agree that there is a body of written policy, rule, etc., and written interpretation of those policies, rules, etc., governing administrative decisions concerning wages, hours, or working conditions that this *Agreement* may not cover. In the event of a conflict of any University policies, rules, etc., with this *Agreement*, the *Agreement* shall prevail.

##### 2. Policy, rule, regulation, guideline, or practice not in conflict with the *Agreement*

Any University policies, rules, etc., that do not conflict with this *Agreement* may be either continued for the term of this *Agreement* or changed or eliminated.

If changed or eliminated, however, the Union, as the exclusive bargaining agent of the Faculty, must be consulted in ample time to review the policy, rule, etc., and advise the Administration before the policy, rule, etc., goes into effect or is discontinued. Representatives of the Administration will meet and consult with Union representatives and shall give serious consideration to their views of the matter under discussion. For the life of this *Agreement*, no new policies, rules, etc., of the University shall be created that conflict with the provisions of this *Agreement*.

### 3. Practices

Concerning practices, if the Administration decides to establish or rely upon a specific practice in making a discretionary decision concerning wages, hours, and/or working conditions, the Union, as the exclusive bargaining agent of the Faculty, must receive notification to that effect. Representatives of the Administration will meet and consult with Union representatives and shall give serious consideration to their views of the matter under discussion.

#### D. ALTERING, AMENDING, SUPPLEMENTING, ENLARGING, OR MODIFYING THE *AGREEMENT*

Both parties for the lifetime of this *Agreement*, agree that they shall not be obligated to bargain collectively with respect to any subject matter referred to or governed by this *Agreement*, unless the Board and the Union mutually agree in writing to alter, amend, supplement, enlarge or modify any of its provisions.

No labor-management contract is able to cover every contingency. Therefore, both parties agree to allow the formulation of Memorandums of Understanding to address contingencies as they arise. Due to the unique nature of University life, and following a ten (10) business day notice and comment period from the parties to this *Agreement*, only the President and the UOG Faculty Union President can sign Memorandums of Understanding.

In addition, either party (the President or Union President) may convene an ad hoc *Agreement* Implementation Committee (AIC) that includes at least one (1) other member from each of the Administration's and Union's negotiating teams for this *Agreement*. The main role and purpose of the ad hoc *Agreement* Implementation Committee will be to clarify the intent of the *Agreement* and, if necessary, to recommend resolution of disputes over interpretation of the *Agreement* via a Memorandum of Understanding as described in this Article.

E. DISCLAIMER REGARDING ACCESS TO FILES

Pursuant to the terms and conditions in this collective bargaining agreement, the Administration is obligated and authorized to provide access to specific files and to disclose and release information contained therein to authorized members of the Faculty Union. In fulfilling such obligation, the University of Guam shall not be held liable by the members of the collective bargaining unit.

F. ECONOMIC IMPACT

The Board and the Union recognize that implementation of this *Agreement* has an economic impact. In the continuing spirit of collegiality and good faith, the Union and the Administration will consult to alleviate any possible negative economic impact that may arise regarding implementation of this *Agreement*.

## ARTICLE XIII

### IMPLEMENTATION

The intent of Interest-Based Bargaining is to create a permanent collaborative relationship between the University's Faculty and the Administration. Therefore, the Board and the Faculty Union recognize that the spirit of this *Agreement* calls for a serious collaborative effort to work out issues that will arise in the implementation of this *Agreement*.

The following issues have been identified for further study and consultation in accordance with University practice for the review of new and revised policies/procedures, affecting faculty compensation.

Each of the issues identified below will be addressed by Workgroups of faculty and administrators to conduct such a review. The time frame of the Workgroups' studies, report of findings, and consultation is AY2018-19. By May 2019, the Negotiating Team of Union and Administration representatives will reconvene to review the Workgroups' findings and recommendations.

#### A. ISSUES RELATED TO CFES AND SPECIFICATION OF CFES EVALUATIVE CRITERIA FOR INCREMENT REVIEW, PROMOTION, AND TENURE

The University of Guam Comprehensive Faculty Evaluation System has been in place for more than 15 years. CFES has been identified for review in order to conform to the interests of faculty and administration with regard to the award of faculty annual increments and promotion and tenure decisions. More flexible models for faculty workload assignments and evaluations have been proposed. The CFES Workgroup is charged with considering the use of such models and the validity of faculty evaluation criteria, specifically the use of student evaluations.

The Standing Committee on Faculty Excellence of the Faculty Senate will develop criteria for recognizing excellence to qualify a Faculty at the rank of Professor/Extension Specialist for compensation above Step 20.

#### B. ISSUES RELATED TO FACULTY COMPENSATION

Faculty are compensated for CFES work plans at 1.0 FTE. These work plans represent agreements between faculty and Deans/Directors for an annual plan of work covering endeavors in instruction, research/scholarship, service, extension, and library, as appropriate. Additional compensation may be afforded to faculty for endeavors up to 1.5 FTE. This additional compensation (.50 FTE) is considered an overload and rates may vary depending upon the source of funding, the nature of the assignment, and the faculty's rank/step on the faculty salary scale, among others. The Faculty Salary Committee will address issues involving overload compensation to clarify the terms and conditions for such compensation.

The Faculty Salary Committee will consider compensation for Directors of Marine Laboratory and WERI comparable to an administrative position.

The Faculty Salary Committee will develop salary calculations for the rank of Professor/ Extension Specialist above Step 20.

C. ISSUES RELATED TO THE FEASIBILITY OF, AND PREPARATION FOR, A TRANSITION FROM DIVISION CHAIRS (ARTICLE IV, SECTION F)

The Dean's Council will outline a feasibility study which includes faculty training to perform administrative functions. The Dean's Council must also address the implications and practicality of faculty performing administrative functions while retaining faculty assignments. Further, the study must address the organizational and financial feasibilities of the duties proposed. The following section provides a basis for this study.

ELECTION AND DUTIES OF DEPARTMENT CHAIRS IN COLLEGES AND SCHOOLS

The creation of the Department Chair position is to encourage, and build capacity among, faculty to advance to administrative roles. This will also serve to increase faculty awareness and understanding, and communication with, University administration. Further, it will provide documented experience in administrative roles.

Department Chairs, for their term of service, shall be considered Administrators, though they will continue with their faculty endeavors. Thus, involvement in Faculty Union activities is not allowed during their term as Chair, but they retain full retreat rights and Union protection in the context of their roles as faculty. In addition, time served as Administrator will count toward promotion in rank. Department Chairs may apply for promotion during their term of service.

Department Chairs will continue under the University-approved CFES. Their annual CFES Plan of Work will be as follows: 50% primary endeavor as faculty; 45% secondary endeavor as administrative service; 5% tertiary endeavor.

1. Eligibility and election

All Colleges and Schools shall be divided into Departments. Departments shall have a Department Chair who is elected by a majority vote of the full-time Faculty members of the Department, including the Chair. All Chairs must be tenured Faculty members of the Department.

Each Department shall hold its election for Chair prior to the end of the Fañomnakan semester in even numbered years, and the Chair shall take office on the first day of the following Fanuchanan Semester.

2. Term of office

The Department Chair's term of office shall be two years, with the possibility of running for one additional consecutive term. After serving two consecutive terms as

Department Chair, that faculty member is then ineligible to serve as Chair for at least two years, after which they are again eligible to serve for Department Chair.

3. Acting Department Chair

At no time shall the office of Department Chair remain vacant.

When a Department Chair is unable to fulfill his or her duties for a short-term period of up to four (4) weeks, he or she shall designate another tenured or tenure-track Faculty member as Acting Department Chair, subject to the Dean's approval of the leave. The Acting Department Chair must be a member of the same Department.

The Acting Chair will have no supervisory duties; these duties will revert to the Dean.

4. Election of Department Chair to Fill a Vacancy

When a Department Chair is unable to fulfill his or her duties beyond four weeks, then the position is declared to be vacant. A new Department Chair shall be elected within fifteen (15) business days, and shall serve the remainder of the uncompleted term.

5. Administrative role, compensation, and duties

The Department Chair provides leadership to the Faculty for the improvement of faculty endeavors. In addition, the Department Chair will review and evaluate all full-time faculty's CFES endeavors and forward their recommendations to the Dean or Associate Dean. The Dean shall have the final word on all evaluation decisions. The Department Chair's duty is to serve as the elected leader and representative of the Department Faculty. All Department Chairs are accountable to their Dean.

Compensation of Department Chairs will be calculated on increasing their base salary to 11 months if they are 9-month faculty or a 20% increase in pay if they are 12-month faculty. In addition, load allocations for the work of Department Chair may be negotiated with the Dean.

An eleventh-month Department Chair shall begin his or her duties one month prior to the beginning of the academic year and end one month after the end of the academic year.

The Department Chair has the authority to make recommendations regarding faculty evaluations and assigning workloads. The Department Chair has no authority to make final decisions regarding hiring, transferring, suspending, promoting, or disciplining any Faculty member of the Department. Department Chairs can, however, consult with their Deans regarding each of the issues listed above. Department Chairs do not have access to faculty personnel files.

The administrative duties of the Chair shall be as follows:

- a. Hold and direct meetings of the Department at least once a month during the Academic Year. The regular schedule for these meetings shall be set at the beginning of each semester. The schedule shall be set to allow all Faculty members to attend during business days. A tentative agenda for each meeting shall be distributed at least two (2) business days prior to each meeting. Copies of the minutes shall be provided to Department Faculty and the Dean. The latest edition of *Roberts Rules of Order* shall be used at Department meetings as the Parliamentary procedure.
- b. Represent the ideas, needs, and recommendations of the Department to the Dean, and for conveying information and requirements from the Dean to the members of the Department, on a continuous basis.
- c. Represent the Department on the College's Academic Affairs Committee and be responsible for informing the Department membership of all actions of the Academic Affairs Committee relevant to that Department on a continuous basis.
- d. Coordinate preparation of the Department class schedule with the Faculty and each individual Department member's load assignments that are consistent with the scheduling criteria of the College/School and the University, conferring with Faculty in each program about their respective schedules. Submit these documents as recommendations to the Dean on or before the dates established by the coordinated College/School and University schedules.
- e. Coordinate initial incoming student advisement during intersessions.
- f. Confer with the Department members regarding overloads and hiring of part-time Faculty. He or she shall then provide the Dean with the Department's recommendations at the appropriate or scheduled times.
- g. Monitor the ordering and receipt of textbooks with the Department staff, after receiving Department member's requests, for all classes offered by full- or part-time Faculty of the Department, on or before the date established by the Academic/Administrative Calendar.
- h. Convey recommendations to the Academic Affairs Committee regarding curriculum changes or modifications requested by the Department. Review for accuracy the drafts of Department programs in the University Undergraduate Catalog and (if applicable) in the Graduate Bulletin, and assist as needed in periodic reviews of the on-line catalog.
- i. Monitor preparation of Program Reviews within the Department.
- j. Facilitate the activities of the Department with respect to priorities, deadlines,

and available resources.

- k. Facilitate resolution of Faculty/student disputes in accordance with the *Student Handbook*.
  - l. Coordinate mentoring of new Faculty within the Department.
  - m. Fulfill such other assignments as the Dean may require to carry out the statutory mission of the University.
6. Removal from office for inadequate performance of duties

There are two mechanisms that may be used to remove a Chair from her or his elected position:

- a. At any time during the Chair's term, a recall vote of two-thirds (2/3) of the Department's full-time Faculty members shall remove a Chair.
- b. After the Chair has served at least three (3) months, the Dean has the authority to remove the Chair following consultation with the Department. The Chair shall have the opportunity to be heard by the Dean/Director before a final decision is made.

The Chair who is removed from office is ineligible to be reelected for the remainder of the uncompleted term.

If a new *Agreement* has not been successfully negotiated by the expiration date of April 30, 2023, the existing *Agreement* shall remain in effect until a new *Agreement* is finalized, but such an extension shall not exceed six (6) months, unless mutually agreed to continue the *Agreement* for an agreed-upon specified period of time.
