**University Information:**

The University of Guam is the premier institution of higher education in the Western Pacific. It is a land-grant, a sea-grant, and a space-grant institution, accredited by the Western Association of Schools and Colleges Senior Commission. Located in the village of Mangilao on the island of Guam, the campus overlooks the beautiful Pago Bay and the University's world-class Marine Laboratory and Water and Environmental Research Institute of the Western Pacific. The University has 3,400 students, 47% of Asian ethnicity and 45% of Pacific Islander ancestry, providing a uniquely diverse campus and multicultural atmosphere. As a regional, comprehensive, open-admissions institution, the University awards degrees at the certificate, baccalaureate, and master's levels through its two colleges and four professional schools. The institution's mission of Ina (to Enlighten), Diskubre (to Discover), Setbe (to Service) serve as the foundation for the institution's Para Hulo' strategic plan, with its vision to transform lives and advance communities as a land-grant, a sea-grant, and a space-grant university. One of the university's key strategic initiatives is to be recognized as a research university centered in Island Wisdom. Island Wisdom acknowledges that Pacific ways of knowing and Western models of higher education are central to the institution's teaching, research, and service endeavors, and that balanced consideration of the ideas that emerge from them is essential to the prosperity and sustainability of island communities. Through its robust research portfolio fueled by extramural funding from competitive grants and contracts, the University delivers public value through dedicated and capable administration, faculty, students, and staff. As a complement to the research carried out at the institution, the University of Guam has an active press dedicated to publishing research and writing about Guam and Micronesia. A variety of publishing opportunities are available to UOG faculty, employees, students, and members of the communities we serve through the University of Guam Press. UOG is a safe and secure campus, where the institution places paramount importance on the physical, intellectual, emotion, and spiritual wellbeing of its students and employees. It fosters open dialogue and collegiality based upon mutual respect for diverse perspectives. The university has enacted processes to ensure the physical safety of the campus (most recent information may be accessed at <https://www.uog.edu/life-at-uog/safety-security>) and a policy that encourages open dialogue and respect for all points of view.
