MINIMUM QUALIFICATION:

High school diploma or GED, and 31-90 college credits or three (3) years relevant and related work experience in soil hydrology and sedimentation.

NECESSARY SPECIAL QUALIFICATION:

Must have a valid driver's license.

QUALIFICATIONS REQUIRED:

Pursuant to Public Law 26-87 as amended by Public Law 29-113, all future employees of any position within the government of Guam will be required at minimum to possess one of the following:

1. A high school diploma; or
2. Successful completion of General Education Development (GED) Test; or
3. The equivalent of a general education high school program; or
4. Successful completion of a certification program, from a recognized accredited or certified vocational technical institution, in a specialized field for the job.

CHARACTER OF DUTIES:

Under the guidance of the Project Director and the Research Associate, the Research Assistant II will assist in measuring water run-off as well as sedimentation loading from the study plots at the Ija station in southern Guam. In addition, the Research Assistant II will perform field soil sampling and preparation (drying and weighing) for analysis to determine nutrient content, composition, and other characteristics (soil texture and pH level, etc.). The Research Assistant II will learn about laboratory data testing for characterizing soil water infiltration, crop-rooting depth, and erosion control efficiency under different vegetation cover. Other duties include assembling and operating of field data collection apparatus such as run-off collectors and sedimentation capturing devices. The Research Assistant II must be familiar with rain gauges and other similar rainfall monitoring apparatus. The Research Assistant II is also expected to help in planting and managing several types of crops/vegetation at the UOG Research Station's study plots in Ija and perform other necessary data collection. The Research Assistant II must be able and willing to travel long distances daily to the study location at the Ija station in southern Guam.

EDUCATION:

Applicants claiming degrees or credit hours are required to have an original or certified copy of the documents (e.g. transcripts, high school diploma or GED certification) accompany the application.

WORK ELIGIBILITY:

Submission of completed job applications authorizes the University of Guam to seek and obtain information regarding the applicant's suitability for employment. All factors which are job related may be investigated (e.g. previous employment, educational credentials, and criminal records). All information obtained may be used to determine the applicant's eligibility for employment in accordance with equal employment opportunity guidelines. In addition, the applicant releases previous employers and job related sources from legal liability for the information provided.

Section 25103, Chapter 25, Title 10 of the Guam Code Annotated requires college or university employees to undergo a physical examination, to include a test for tuberculosis (skin or x-ray), prior to employment and at least annually thereafter. A report of such examination must be conducted by a licensed physician within a state or territory of the United States and must be submitted upon request.

Federal law requires presentation of eligibility to work in the United States within seventy-two (72) hours of reporting for employment. Specifically, 8 USC 1324A requires the employer to verify the identity and eligibility to work in the United States of all newly hired employees. The University of Guam is required to comply with this law on a non-discriminatory
