RE: CASEFINDING – GUAM CANCER REGISTRY

By authority of Guam Public Law 24-198, which established mandatory reporting of newly-diagnosed cancer cases of Guam residents to the Guam Cancer Registry (GCR), in accordance with Guam Department of Public Health & Social Services regulations, we kindly request your assistance to obtain the following information needed to complete cancer case abstracts for the following Guam residents:

NAME	DOB	INFORMATION NEEDED

You may submit the requested information to GCR via any of the following methods:

- a) Use of GCR’s Confidential Fax# 671-734-2990;
- b) Upload documents via GCR’s secure online WebPlus server; *
- c) Call GCR staff for pick-up.
- d) Deliver to our office at House #27, Dean’s Circle, University of Guam, Mangilao.

* Please call Lymona Refugia at 671-735-0129/2988 to establish an account w/password.

Thank you in advance for your assistance. We believe that as the burden of chronic diseases continues to impact the population of Guam, the work of the Guam Cancer Registry will become an increasingly valuable element of the island’s health care system, and that your participation will be a significant contribution to this effort.
