AND RETIRED SCHOLARS**

**MEMORANDUM**

To: Elizabeth Gayle, Chairperson, Board of Regents  
Robert A. Underwood, President, UOG  
Anita Borja Enriquez, Senior Vice President

From: Larry F. Kasperbauer  
Chair, Society of Emeritus Professors and Retired Scholars

Subject: The Society's Twenty-First Annual Report (2017)

Date: March 9, 2018

Members of the Society of Emeritus Professors and Retired Scholars (SEPRS) have engaged in numerous academic, research, and service activities this past year. These professional, community, and volunteer service endeavors demonstrate how emeritus faculty continue to help the University achieve its mission for our island, the region, and elsewhere throughout the world.

This report proved that members of SEPRS residing on as well as off-island greatly desire to continue to support the University of Guam. Members have been active in pursuing several initiatives for policy changes regarding, among other issues, the recognition of retiring faculty by the University. Establishing internet link whereby off-island members might join our meetings and several have been regular attendees via the internet and to serve as mentors in the UOG "Build" mentoring Model program.

The Society has endowed the SEPRS scholarship, funded by contributions from our membership and administered through the UOG Endowment Foundation. The first scholarship of \$1,000 will be awarded in April, 2018. In addition to the SEPRS scholarship some members have established their own individual scholarships with the UOG Endowment Foundation.

The SEPRS leadership continues to encourage attendance at UOG commencement exercises and Charter Day programs. Attached is our annual report listing the work of the Society members, Scholarship and fundraising reports as well as the financial report for 2017.

Thank you for your continued support and attention.

## **Report from Dr. Randall Workman:**

According to the UOG Endowment Foundation, SEPRS members donated a GRAND TOTAL of \$26,291 in 2017 to advance the mission of the University. Across the full year 2017, members donated \$750 to the Emeritus Hall fund, and \$10,620 to the SEPRS Scholarship fund for a total of \$11,370 for SEPRS projects. Thus, less than half (43%) of what SEPRS members donated went to their part of UOG. Over half, \$14,291 was donated to other UOG units, scholarships, and events.

SEPRS concluded its fundraising year by participating in the UOG Endowment Foundation's "G" is for Giving Campaign, from November 28 to December 31, 2017. The 41 members receiving the BIG G appeal letter donated a total of \$6,220.00. This final UOG wide event raised one-fourth (24%) of donations by SEPRS for the entire year. Among donors, half were members living "Off-island," and half were members "on-island." Median donation was \$200, that is, half donated \$200 or less, and half donated \$200 or more .

## **Report from Dr. Hiro Kurashina, Vice Chair:**

Various ideas for enhancing SEPRS support for the mission of UOG have been always in the minds of the SEPRS members. One such idea is the SEPRS Scholarship Program which was conceived in 2014. The SEPRS Scholarship Committee was created immediately hereafter. The committee was tasked to define and design the SEPRS Scholarship Program. The fundraising for the SEPRS Scholarship was successfully launched with an initial goal of \$20,000.00 in collaboration with the UOG Endowment Foundation. In 2017, the initial goal was met, thanks to the generous donations from SEPRS members both on and off-island. The official establishment of the SEPRS Scholarship was announced in December, 2017 to the UOG community as well as the general public. In order for the inaugural SEPRS Scholarship to be given at an Award Ceremony Luncheon to be held in April 2018, the SEPRS Scholarship Committee is in the process of selecting the recipient from the application pool of 36 well qualified and deserving applicants. The number of applications for the SEPRS Scholarship has far exceeded the anticipated number, according to the Director of the UOG Financial Aid Office.

## **SERVICE:**

### SERVICE TO THE PROFESSION AND UNIVERSITY COMMUNITY

1. Was an active member of the Society of Emeritus Professors and Retired Scholars of the University of Guam. Served on Scholarship Committee, spearheaded initiatives for UOG Administration to formally recognize retiring faculty and revamp the process of applying for emeritus status.
2. Represented the Society at UOG’s Fall, 2017 Commencement Exercises.

### SERVICE TO THE COMMUNITY

1. Along with my wife, Dr. Cynthia Sajnovsky, continued 23<sup>th</sup> year of co-hosting, “Airing the Arts”, a weekly 30 minute program for KPRG, Guam’s Public Radio Station. We interview local artists and discuss current arts events in which they are engaged.

2. Continued volunteer work as a Coast Guard Auxiliarist by continuing my appointments as the Guam Auxiliary Sector Coordinator, and Guam Flotilla Member Training Officer and Aids to Navigation Officer during 2017. Duties include:

1. As Auxiliary Sector Coordinator: attend Coast Guard Sector Guam weekly Department Head meetings, providing information concerning Auxiliary activities and concerns to Active Duty leaders, and informing C. G. leadership of local events and situations that may impact Coast Guard personnel, and also to communicate to Guam Auxiliary leadership, any concerns, activities and information from the Active Duty leadership that may be important to the Auxiliary mission. Make quarterly reports to the District Commodore, and when any matter of concern may arise that should be brought to the attention of the District Staff Officers

2. As Member Training Officer: Oversee the training needs of Flotilla members by providing appropriate study materials, assigning mentors, proctoring exams, arranging for qualifications’ demonstrations, etc... Make quarterly reports to the District Training Officer. 3. As Aids to Navigation Officer: Observe local navigational aids while underway, and report any damaged, missing or otherwise compromised navigational aids to the appropriate Coast Guard authority, so that any aids discrepancies may be corrected and mariners may navigate safely using properly marked and identified aids to navigation.

3. The following activities and awards are also associated with my work with the Coast Guard Auxiliary:

**Patrols:** Provided on water patrols in my personal vessel crewed by other qualified Auxiliarists to assist various Coast Guard missions. Logged over 50 hours of on water Coast Guard Auxiliary patrols in my personal vessel during C.Y 2017.

**Public Affairs:** Promoted safe boating practices on Guam by participating in boating safety activities associated with the annual National Safe Boating Week which occurs each year during the last week of May. Towed my vessel, Riba, in the annual Liberation Day Parade as part of the Coast Guard Unit. Participated in annual Coastal Cleanup event by being part of Piti site management team, a site managed every year by Coast Guard Auxiliary volunteers.

**Other Activities:** Facilitated 5 classes in Operational Risk Management to active duty Coast Guard personnel stationed on Guam. I have been trained by the Coast Guard as a Facilitator for this 8 hour course, and I am regularly called upon to conduct ORM sessions because all Coast Guard personnel must undergo this training bi- annually to maintain qualification in their specific field. Each class session is tailored to the kind of mission risks associated with a particular G.G. group i.e. boat operations, rescue operations, buoy tender maintenance and deployment, pollution response, etc...

**Awards:** Was awarded a Certificate of Meritorious Achievement for over 100 hours of patrols during 2016 at annual District 14 Awards Ceremony in Honolulu, HI held in March, 2017. Other awards received were: Meritorious Achievement in Training, and for 40 years of Auxiliary membership.

**Roy T. Tsuda, Ph.D.**  
Professor Emeritus of Marine Biology

### ACADEMIC CONTRIBUTIONS:

Publications:

Diaz Ruiz, M. C., P. S. Vroom & **R. T. Tsuda**. Marine benthic macroalgae of a small uninhabited South Pacific atoll (Rose Atoll, American Samoa). Revised manuscript under review [Cooperative research between NOAA and Bishop Museum].

**RESEARCH AND PROFESSIONAL SCHOLARSHIP:**

Professional Presentation:

Spalding, H. L., K. Conklin, **R. Tsuda**, R. Kosaki, D. Wagner, C. Smith & A. Sherwood. Biodiversity of mesophotic macroalgae across the Hawaiian Archipelago: Biogeographic insights from the deep. Oral Presentation (Session 54, Abstract ID: 30085) by Dr. Heather L. Spalding at ASLO 2017 Ocean Sciences Meeting: Mountains to the Sea, Honolulu, Hawaii, February 26 – March 3, 2017. [Cooperative research of University of Hawaii Botany Department, Papahānaumokuākea Marine National Monument (NOAA) and Bishop Museum].

**SERVICE:**

Continue to serve as volunteer resource personnel (1) to answer local, national and international inquiries and correspondence about Bishop Museum's holdings of 79,000 algal specimens, (2) to update names of algal specimens and database archived in collections, and (3) to seek external funds from federal granting agencies, such as the National Science Foundation, to study and enhance the algal collections at the Bishop Museum.

Served as peer reviewer of another manuscript for the journal *Botanica Marina*, October 2017.

**Sally Y. Tsuda, M.S.N.**  
Professor Emeritus of Nursing

**SERVICE**

Continued to serve as an active member of the Hawaii United Okinawa Association (HUOA) and the Okinawan Genealogical Society of Hawaii (OGSH). Two major accomplishments in 2017:

1. The OGSH data base which contains information of Okinawa immigrants to Hawaii from 1921 to 1925 was completed. The information was translated from kanji, a combination of Ryukyuan and Japanese characters documented in the 4 books of the Immin Meibo (Immigration) series. The data base serves as one of the basic references in Okinawan genealogy research.
2. The joint project between the Okinawan Prefectural Library (OPL) and the HUOA-OGSH for providing genealogy services to Okinawans in Okinawa, Hawaii and other countries was show-cased at the September 2017 Okinawan Festival in Hawaii. A 4-member OPL team worked along-side the OGSH team to promote genealogy services to the public.

Follow-up cases for approximately 150 families resulted from the Festival with additional requests from Okinawa, Brazil and Peru. OPL was given the *Regional Creation Reference Award* from the Japanese Ministry of Education, Culture, Sports, Science and Technology for the work of this joint project. This project has added to the goal of creating an “International Center” at the soon-to-be completed new Okinawa Prefectural Library scheduled for early 2019. The enormity of this project and award reflects the fact that OPL was created in 1910 and serves as a mainstay of Okinawan culture and history.
