**B. SERVICE TO THE COMMUNITY AND REGION**

**DONALD E. BRUCE**

Served as volunteer precinct chair for my local voting precinct. Requires I be in contact with citizens of my political party to inform them of activities, encourage their involvement in the election process, and, most importantly, to encourage them to vote for party candidates. As Precinct Chair I serve as a precinct-level election judge for state-wide and local elections, and I have worked as an election clerk for various local elections as well as early voting. I will be continuing this work for upcoming 2008 elections. Due to my involvement in elections, I am a voter registrar where I simply register citizens to vote. It’s a job which needs doing in our highly transient community.

On a personal note, my wife and I traveled to Egypt and Kenya during the fall of 2007. We were able to see the splendors of the pyramids, the Sphinx and the Valley of the Kings along the River Nile. Also, we spent two weeks on a photo safari, much of that time in the Masai Mara Region of southwest Kenya. It was a very enriching experience.

**MICHAEL CALDWELL**

Continues with a number of consultancy and related activities, including coordination of Micronesian medical referrals to St. Luke's Hospital, Manila, where he lives. There he is the Administrative Vice President of the Academy for Culture and Education (a Yap State NGO).

**PAUL CALLAGHAN**

I continued the endeavor begun last year, to write the story of my wife's life. The idea for this undertaking originated with a friend of mine, an anthropologist at U. H. Hilo, who said that there was almost nothing written about life in Palau during the period shortly after WWII. By way of story I hope to document the subsistence lifestyle of southern Palau in the late 1940's and 1950's, and at the same time, provide insight as to how the lessons learned from a

hunting and gathering environment can provide an individual with the judgment, fortitude, and sheer tenacity required to confront and overcome formidable challenges in the modern world. Of course the objective is also to make the story interesting enough for people to enjoy. It's coming along. I've now drafted 5 chapters, had helpful input from two editors and two proof readers, and am continuing research and interviews as time permits.

**GEORGE KALLINGAL**

Continuing practice, Kallingal's Medical Clinic.

Consulting Clinical Psychologist for Guam Department of Corrections, and the community non-profit organization, *Guma Mami*.

Conducted a six-month program in "Bio-psycho-social aspects of addiction" to help individuals addicted to crystal meth.
