

## **Provisional SEPRS Strategic Plan for 2024-2029**

As Emeritus(a) Professor ...

1. We abide by the BOR (Board of Regents) Resolution 19-31 regarding the Policy on Emeritus(a) Professor.
2. We take a pride in having the honor and privilege to play a special role as Emeritus(a) Professor in providing support for the Mission of UOG (University of Guam), including teaching, research, and service, whenever and wherever appropriate with our highest standards, wisdom, and integrity.
3. We extend our collegial relationships to all members of the UOG community for the good of the UOG community.
4. We are pleased to continue one of our major signature programs, namely prestigious SEPRS (Society of Emeritus Professors and Retired Scholars) Scholarships, to outstanding and deserving fulltime UOG students on a competitive basis annually.
5. We are pleased to continue to expand the SEPRS Legacy Papers written by our members which represent a valuable archival resource concerning the historical development of UOG. The SEPRS Legacy Papers are available online through the SEPRS website. Plans to publish a hard copy book and start a SEPRS Legacy Speaker Series are being contemplated. Accumulated combined total years of service to UOG by active SEPRS members exceed one thousand years.
6. We have appointed a Hawaii Regional Coordinator and are also appointing a Coordinator in CONUS to enhance networking among SEPRS members who reside off-island.
7. We offer the services of our SEPRS members as mentors for UOG students through the UOG Triton Advising Center.
8. We possess a wealth of institutional memory for UOG as the most senior members of the UOG community. In the areas of university and community service, some SEPRS members are available and willing to assist UOG during legislative budget hearings and other legislative matters, if appropriate.
9. We are pleased to regularly attend UOG commencements which represent an important rite of passage for our UOG graduates. We are available to serve on university committees whenever possible and appropriate.

10. We submit our annual report to the UOG Senior Vice President and Provost, outlining contributions in the areas of teaching, research, service, and philanthropy. The SEPRS annual reports are available online through the SEPRS website.
